## NOTICE OF ACCESS TO HIGH SCHOOL STUDENT INFORMATION BY MILITARY ORGANIZATIONS

**TO:** Bloomington High School South Students/Parent/Guardian

**FROM:** Mark Fletcher  
Principal, BHS South

**DATE:** July 22, 2008

Indiana law (IC 20-10.1-29) states that high schools “shall provide access to the high school campus and the high school’s student directory information to official recruiting representatives of the armed forces of the United States, the Indiana Air National Guard, the Indiana Army National Guard, and the service academies of the armed forces of the United States for the purpose of informing students of educational and career opportunities available in the armed forces of the United States, the Indiana Air National Guard, the Indiana Army National Guard, and the service academies of the armed forces of the United States.”

Student directory information “means the student’s name, address, and telephone number, if the telephone number is a listed or published telephone number.”

The law further states that the high school may not provide access to the student’s directory information “if a high school student; or the parent, guardian, or custodian of a high school student, submits a signed, written request to the high school at the end of the student’s sophomore year that indicates the student or the parent, guardian, or custodian of the student does not want the student’s directory information to be provided to official recruiting representatives.”

This will serve as Bloomington High School South’s official notice to students and their parents/guardians or custodians that unless we receive a signed, written request that indicates you do not want the student’s directory information to be provided to official recruiting representatives, we will provide each junior and senior student’s name, address, and telephone number as requested. [Please note that this official notice is sent annually and a request to withhold information must be submitted each year.]

Complete the following information and return this letter to the counseling office no later than October 17, 2008, if you do not want your child’s “Directory Information” sent to military recruiters during this school year.
