WELLNESS PROGRAM

Outside Recess Weather

- A. **Temperature** – MCCSC uses a temperature range that is considered too cold for outside recess if temp is 18-23 degrees with wind-chill (depending upon location of playground and sunshine). Calculation tool for wind chill is found on Department of Education web link <http://www.nws.noaa.gov/om/windchill/>

- B. **Threatening Weather** – Cancel recess and/or bring students inside in an orderly manner if lightning is spotted or thunder is heard. The sky must be free of thunder and lightning for 30 minutes to be considered clear.
