Issue No. 3 -August 30, 2019

## End of the Day Dismissal

If you have a change in transportation we would appreciate it if you sent a note to your teacher's child regarding transportation changes instead of calling the office. Teachers keep track of transportation routines and are with students at the end of the day when they are being dismissed. For your child's safety we want to make sure they know how they are getting home at the end of the day and this is the best way to ensure that happens.

## Morning Arrival

Beginning Monday, August 26th we ask that parents walk students to no further than the front door during morning arrival. This allows your student to build independence and it helps with transition times in the morning. If you need to speak with the teacher then please contact the teacher to schedule a time. Teachers are focused on their students in the morning to ensure that their morning starts on a positive note.

## Positive Behavior News & Notes

Our positive behavior learning environment at Arlington Heights includes a variety of resources for teaching skills to our students. In addition to all the academic learning that is taking place in our hallways, teachers and staff are working every day to give your child all the skills they need to continue to be successful.

Next week, our skill focus will be a reminder on how to appropriately get the teacher's attention. The steps are:

- Look at the teacher.
- Raise your hand and stay calm.
- Wait until the teacher says your name.
- Ask your question.

After reviewing these steps at home, you could talk to your child about your procedures for your child to get your attention. How is it different at home? Why is it important to be able to wait and stay calm?
