THE IMPORTANCE OF BRANDING

A BRAND IS A FEELING.
Enormously powerful. Enormously impactful.

Building a brand takes vision. It takes passion and dedication. It takes agreement and teamwork. And perhaps most importantly, it takes discipline. The discipline to never waiver from your brand’s DNA and what your message to the world will be. We created these guidelines so the values of the MCCSC brand are not just in the hearts and minds of a few, but in the hundreds of you who will use this brand and share it with the community.

It is impossible to overemphasize the importance of brand consistency. Studies prove consistency increases awareness and helps cement an emotional connection to a brand. The more single-minded we are, the more powerful the MCCSC brand will be. It is that simple.
COMMUNICATING THE MCCSC BRAND

The MCCSC brand message and attributes are represented in all mediums of communications through consistent use of color, typography, and photography. Proper usage is important to ensure a quality image of our school corporation.

The brand elements include: The MCCSC Logo, MCCSC Name & Acronym, color scheme, fonts and images.

**MCCSC COLOR STANDARDS**

Standardizing a strong color palette enhances the impact of the MCCSC brand. When used consistently over time, colors become associated with organizations. Consistent use of the MCCSC color palette will make our school corporation more recognizable, uniform and connected. These colors provide a strong visual link across a wide range of applications.

**SECONDARY COLORS**

The secondary color palette should be used as an accent or to highlight. Do not use these colors as the dominant color field. Avoid using these colors as the dominant color. In corporate communications the blue and gold colors should dominate.

MCCSC TYPEFACE STANDARDS

It is important to also be consistent with typefaces to maintain the proper brand image. Helvetica Neue has been selected for most applications because it is modern, simple and easy to read.

For those who do not have access to Helvetica Neue (word processed communications, presentations and websites), the original Helvetica font or Arial font may be substituted. No other typefaces, no matter how similar they appear, may be used.

STATIONARY GUIDELINES

Stationery is one of our most common communication tools, and it often creates the first impression of MCCSC. In order to create a highly professional, positive, and consistent image for MCCSC, it is imperative that the MCCSC stationary present a unified image throughout the entire system. In our communications with the community it is important to be consistent with our, letterhead, business cards and envelopes.

LETTERHEAD

Each school must use the MCCSC logo in the footer of their letterhead as shown in the example. Fonts used on the stationery are Helvetica Neu, Helvetica and Arial. Only make black and white copies of the stationery when absolutely necessary as black and white versions tend to weaken the brand. Only make black and white copies of the stationery when absolutely necessary as black and white versions tend to weaken the brand.

BUSINESS CARDS

On business cards, schools must use the same layout standard and use the MCCSC logo on the back of the card.
