Part V: Student and Legal Guardian Agreement

The Academy of Science and Entrepreneurship is a districtwide optional school, which means, in part, that enrollment at The Academy is a choice and not a right. The Academy provides an opportunity for students to complete college-level coursework and earn college credit. By choosing The Academy, students understand they are making a commitment to academic excellence. Therefore, all students are expected to fully participate in The Academy and to contribute positively to the program's success.

Please review the student and guardian agreements on the following page and ensure you understand the expectations of The Academy. All students and their legal guardian must sign this agreement as a condition of enrollment in The Academy.

Parent/Student Agreement: My signature below confirms my/my student's desire to enroll in The Academy of Science and Entrepreneurship for the 2021-2022 school year. I/we understand that enrollment in The Academy is a privilege and is conditioned upon our compliance with the rules of The Academy and with the expectations set out in this agreement. My signature further confirms that I have read the terms of the agreement and will comply with them as a condition of enrollment. Signing this agreement does not guarantee a student's admission.
