# Goggles

## Directions:

1. Cut out the goggles on the next page or create your own.
2. Put on your goggles.
3. Draw a picture (real or imaginary) of what you see when you look through your goggles. Are you in a different world? Show the colors, lines, and shapes you see.

## Bonus Ideas:

- Add color
- Trace goggles onto stiff paper like cardstock or poster board and make a sturdy pair of goggles then decorate with beads, feathers, yarn, foam shapes, stickers, etc.
- Read the book Goggles by Ezra Jack Keats or watch it on Youtube at <https://bit.ly/2xnEnE0> or on the Internet Archive Library at <https://bit.ly/3aeAsrX>

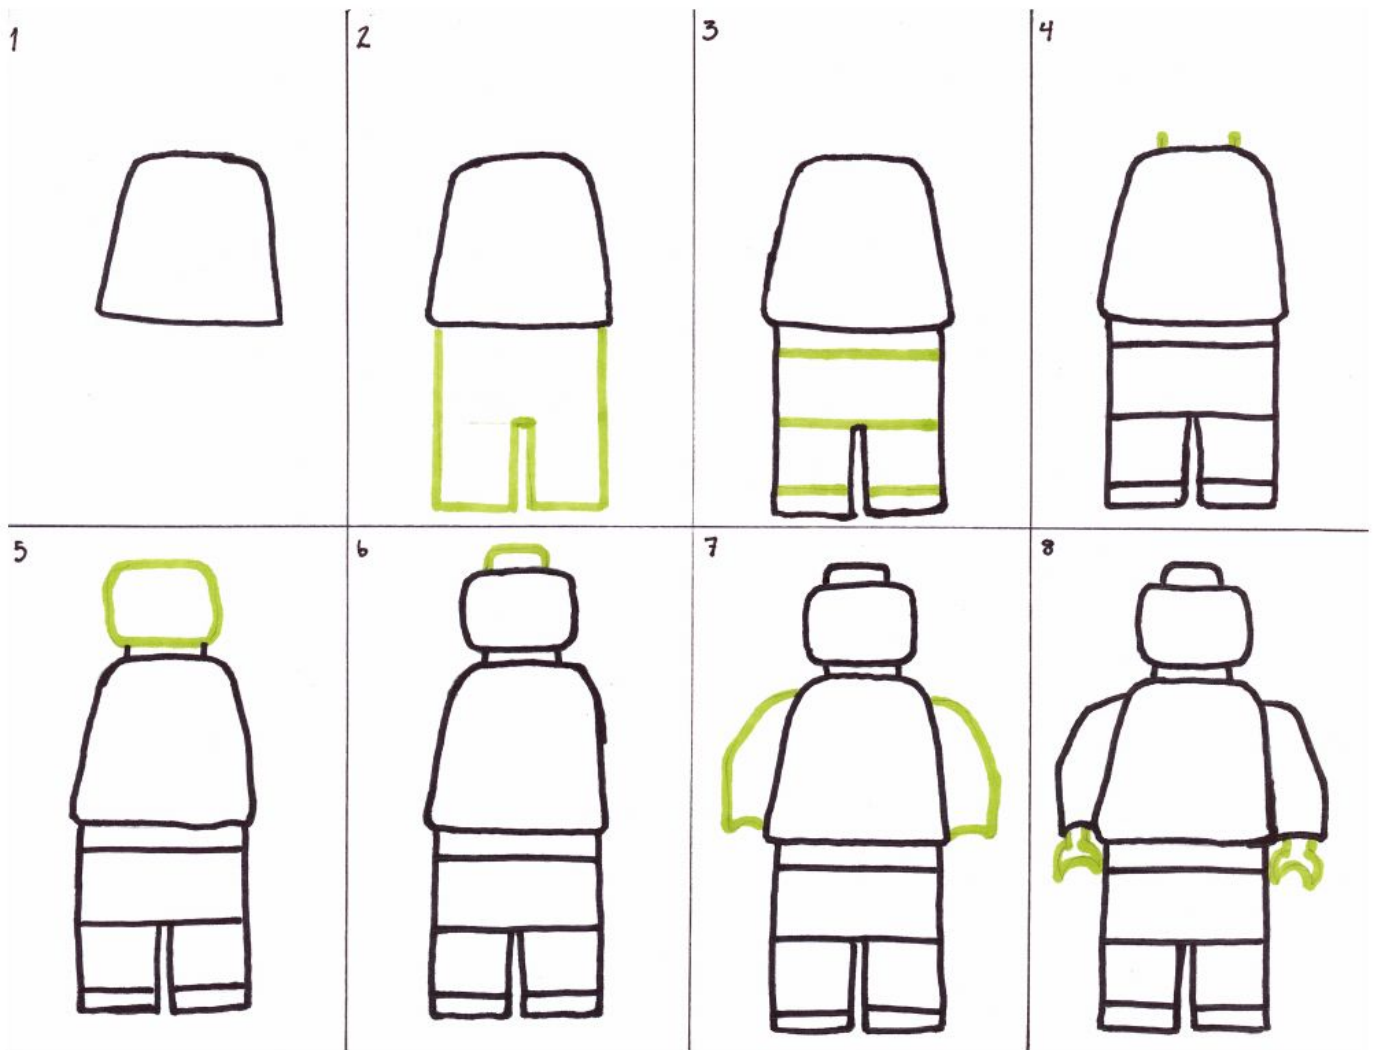

## Design a Lego Guy

### Directions:

1. Make a list of Lego Guys that already exist. Consider themes like:
  - occupation related like construction guys or knights
  - movie related
  - Superheros
2. Brainstorm a list of new ideas you could do like book characters, historical figures, famous people, athletes, fashion design, villains, heroes, or other ideas.
3. Follow the How-to-Draw a Lego Guy below:
4. DESIGN YOUR OWN LEGO GUY!
5. Draw a background: Where is the Lego Guy? What is Lego Guy doing? What is the Lego Guy holding?
6. Give your Lego Guy a name.

Bonus Ideas: add color, write a story about your Lego Guy, create a comic story using your Lego Guy (see comic boxes below), For Special Ed: Trace or Color the Lego Guy below and add details.

## Finish the Picture

Look at the lines below. Think about how you could use the lines in a picture. Use pencils, crayons, markers, or other materials to finish the picture. Be sure to add color and details like pattern or repeating designs.
