Administration:

Mr. Nick McGinnis-Principal, nmcginni@mccsc.edu

Mrs. Missy Douglas-Asst Principal, mdouglas@mccsc.edu

Dear Incoming Kindergarten Families,

Welcome to Summit Elementary! Our school has an exciting opportunity to offer your child and your family. For our fourth year, Summit will be providing a Dual Language Immersion Program. This means that your student will receive instruction in English and instruction in Spanish if he or she is enrolled in the program. This program is designed for any student wanting to learn in both languages.

The mission of our Dual Language Immersion Program is to promote biliteracy and bilingualism, high academic achievement and positive cross-cultural competency in our community and the world! We hope that your student and your family choose to take part in this unique opportunity.

If you would like to enroll your child into the Dual Language Immersion Program, complete and submit the form attached to the main office. Space is limited and you will be notified of your child's placement into the program before the start of school. **The main office at Summit will begin accepting applications, along with kindergarten registration forms, beginning February 3rd through May 22nd. All completed applications will be placed into an enrollment lottery. The lottery will take place prior to the 2020-2021 school year.**

We encourage you to contact us if you have any questions. We also welcome and invite you to be involved in the development of this program however you can. Additional information will be shared as we start the school year. We look forward to working with your child and your family!

Sincerely,

Nick McGinnis and Missy Douglas
Summit Elementary Administration

Student Name:

Summit Elementary
Dual Language Immersion
2020-2021

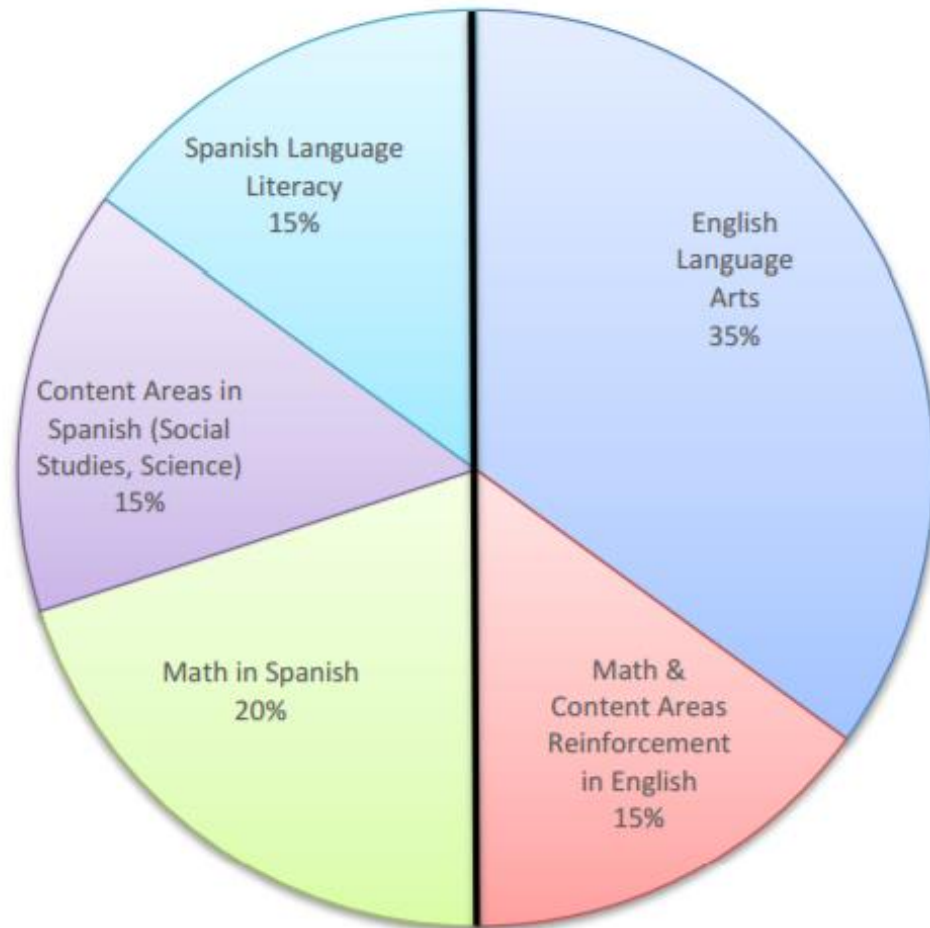

Please note: This form is intended for registration for the Dual Language Immersion (DLI) program only. Your child also must be registered at your school. Please contact the main office to learn more about the process for registration.

Please initial that you have read and agree to the program guidelines and parent understandings below:

- Dual Language Immersion registration does not register your student for school. Registration is a separate process. You must register your student at the school for which your child is zoned. If you would like your child to be enrolled in this program, you must apply for a transfer as well.
- Summit's Dual Language Immersion program requires a long-term commitment (Kindergarten-6th grade) on the part of both parents and students to ensure that students get the most benefit from the program. Please remember that space in this program is limited.
- Please complete all sections of this registration form and return it to Summit prior to the start of the 2019-2020 school year.
- It is possible that not every student registering for this program will be accepted due to limited space. If more registrations are received than space is available, a waitlist will be generated of all students whose registration forms were not selected in the enrollment lottery.
- At principal and parent discretion, younger siblings of students enrolled in the program, MCCSC staff children and native Spanish speaking students receive priority enrollment.
- At principal and parent discretion, in the case of multiples (e.g. twins, triplets), if one student is enrolled in the program, the multiple sibling receives priority enrollment.
- A waiting list will be maintained for the entirety of the school year. If a spot becomes available, a lottery process will determine who is selected. The wait list expires at the end of the 2019-2020 school year.
- Summit's 50/50 Model calls for at least 50% of the school day to be spent learning Indiana's College and Career Readiness standards in the new language.
- A team of two teachers will work together. Students will learn all subjects in both languages.
- At a determined point during the school day, the teachers will switch groups of students so that all students receive instruction in both English and Spanish daily.
- There is no additional cost to parents for this program.
- This program is wholly voluntary. Dual Language Immersion is only one of many quality educational opportunities available to your student.
- Each year, the program will expand to the next grade level as students move through elementary school. Students without Spanish proficiency can be enrolled as openings occur through the end of the first semester of first grade. After the first semester of first grade, only students who have tested at a certain level of proficiency will be admitted in the event of an opening.

Student Name:

- Dual Language Immersion is a very challenging program. A child who is a good listener, flexible, and able to handle transitions is a good candidate for the DLI program. Positive support and encouragement from home are important to a child's success in this program.
- Students vary in rate at which they learn and use a new language. It may take many months (and, in some cases, years) before a student will feel comfortable speaking his or her new language freely. Your student's teacher will be able to provide you with updates on your student's progress as well as guiding questions to help your child use the new language at home.
- If a parent has concerns about his or her DLI student, the parent, teachers, and administrators will work to address concerns. However, a request to enter the formal process for withdrawal from the DLI program will be addressed only after the student has received the support and help that would be offered any child experiencing difficulties.
- If parents decide not to participate in this program after enrolling, but before the start of the school year, it is their responsibility to contact the school offering the DLI program as soon as possible so that other students on the waiting list may be notified.
- The formal process for withdrawal from the program for enrolled students is handled on an individual, case-by-case basis.
