<p>Note: This Student/Parent Handbook is based in significant part on policies adopted by the Board of School Trustees and Administrative Guidelines developed by the Superintendent. Those Board Policies and Administrative Guidelines are incorporated by reference into the provisions of this handbook. The Policies and Administrative Guidelines are periodically updated in response to changes in the law and other circumstances. Therefore, there may have been changes to the documents reviewed in this handbook since it was printed in (year). If you have questions or would like more information about a specific issue or document, contact your school principal or (designee), or access the document on the MCCSC website: www.mccsc.edu by clicking on (tab) and finding the specific policy or Administrative Guideline in the Table of contents for that section.</p>	

FOREWORD

Welcome to Grandview Elementary! The staff at Grandview is committed to providing your child with a nurturing learning environment that provides opportunities for each child to reach his/her fullest potential. We feel that parents are an integral part of this process and welcome and encourage your participation at Grandview.

This handbook was designed to provide you with school policies and procedures. Please read through the information and refer to it throughout the school year.

We welcome and encourage parental involvement. Please do not hesitate to call or stop by with questions or concerns. We are looking forward to a great school year!

MISSION STATEMENT

At Grandview, we create a collaborative environment where all stakeholders (students, faculty, staff, parents, and community) are successfully learning at high levels. Grandview members are thinkers, doers, and responsible individuals.

EQUAL EDUCATION OPPORTUNITY

No person is excluded from participation in, denied the benefits of, or otherwise subjected to unlawful discrimination on such basis under any educational function or student activity. Education services, programs, instruction and facilities will not be denied to anyone in Monroe County Community School Corporation as a result of race, color, religion, national origin, creed or ancestry, age, sex, marital status, sexual orientation, disability or veteran's status.

SCHOOL DAY

Monday – Friday Daily Schedule		
Regular School Day		Full Day Kindergarten
9:00 a.m.- 3:45 p.m.		9:00 a.m.- 3:34 p.m.

STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights will be protected and that they will be treated with fairness and respect. Likewise, students will be expected to respect the rights of their fellow students and the staff. Students will be expected to follow staff members' directions and obey all school rules. Disciplinary procedures are designed to ensure due process (*notice and a fair hearing*) before a student is disciplined because of his/her behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed when concerns arise. Many times it will be the responsibility of the student to deliver that information. If necessary, the U. S. mail or hand delivery may be used to ensure contact. Parents are encouraged to establish constructive communication channels with their child's teachers and support staff and to inform the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

The staff expects students to arrive at school prepared to learn. It is the student's responsibility to arrive on time and be prepared to participate in the educational program.

STUDENT WELL-BEING

Student safety is a responsibility of the students and the staff. All staff members are familiar with emergency procedures such as evacuation procedures, fire drills, tornado drills, safety drills in the event of a terrorist or other violent attack, and accident reporting procedures. Should a student be aware of any dangerous situation or accident, he/she must notify any staff person immediately.

All students must have an emergency medical card completed, signed by a parent or guardian and filed in the school office.

Students with specific health care needs should submit his/her needs in writing and with the proper documentation by a physician to the school office.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the school office. If minor, the student will be treated and may return to his/her class. If medical attention is required, the office will follow the school's emergency procedures and attempt to make contact with the student's parents/guardians.

A student who becomes ill during the school day should request permission from the teacher to go to the school office. It will be determined by school staff whether the student should remain at school or released to go home. No student will be released from school without proper parental permission.

General Information

ENROLLMENT IN THE SCHOOL

Students are expected to enroll in the attendance area in which they have legal residency, unless other arrangements have been approved. Students who are new to the school are required to enroll with their parents/legal guardians. When enrolling the parents/guardians will need to provide the following information:

- Certified or legal birth certificate or passport
- Current immunization record
- Two proofs of residency
- If custody is an issue, court documentation

In some cases, a temporary enrollment may be permitted. In such cases parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another accredited school must have an official transcript from the sending school in order to receive credit from that school. Grandview will assist in obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the federal definition of homeless may enroll and will be under the direction of the corporation liaison for homeless children with regard to enrollment procedures.

Non-resident students should refer to the MCCSC Policy 5111 for eligibility requirements to enroll.

Foreign students and foreign exchange students (*from recognized and approved student programs*) are eligible for admission on the same basis as other non-resident students.

SCHEDULING AND ASSIGNMENT

The Principal will assign each student to the appropriate classroom and the program in which the student will be participating. Any questions or concerns about the assignment should be discussed with the Principal.

EARLY DISMISSAL

No student may leave school prior to dismissal time without either:

- a.) a written request signed by the parent/guardian or a person who has been designated on the current enrollment card
- b.) the parent coming to the school office to personally request the release

No student will be released to a person other than a custodial parent/guardian without a permission note signed by the custodial parent or other legal authorization.

TRANSFER OUT OF MCCSC

If a student plans to transfer from Grandview Elementary, the parent must notify the Principal. Parents are encouraged to contact the school office for specific details. *Per MCCSC Policy 5131*

IMMUNIZATIONS

The School Board requires that all students be properly immunized against whooping cough, poliomyelitis, measles, diphtheria, rubella (German measles), tetanus, and mumps. Every child who enters kindergarten or grade 1 shall be immunized against hepatitis B, and chicken pox. Every child who enters grades 9 and 12 shall be immunized against hepatitis B. From time to time other communicable diseases may be designated by the State Board of Health.

The Superintendent shall require parents to furnish to their child's school, no later than the first day of school after enrollment, a written statement of the child's immunization accompanied by a physician's certificate or other documentation. Students whose parents do not provide the required documentation by the opening day of school may be admitted to school provided the documentation is received within twenty (20) days and is in accord with the Superintendent's administrative guidelines on immunization. If the student remains un-immunized at the close of the twenty (20) day period, the Superintendent shall commence exclusion proceedings, unless the parents have filed a religious objection or submitted a physician's statement that the needed immunizations are contra-indicated.

Information concerning meningococcal disease (meningitis) and its vaccine shall be provided to students and parents at the beginning of the school year by the Superintendent. The information must include information concerning the causes, symptoms and spread of meningococcal diseases and places where parents may obtain additional information and vaccinations for their children. The Superintendent shall consult with the State Department of Education and the State Board of Health to develop necessary information and needed materials.

Exemptions to the immunization requirements shall be granted, in accordance with State law, only for medical, religious, or other reasons allowed by the State.

The parent of each female student who is entering grade six (6) shall be provided with information prescribed by the State Department of Health concerning cervical cancer and the human papillomavirus (HPV) infection and that an immunization against the HPV infections is available. Within twenty (20) days after the first day of school, the parent shall provide a written statement as prescribed by the State Department of Health regarding the HPV information.

I.C. 20-30-5-18; 20-34-4-2; 20-34-4-3

USE OF MEDICATIONS

The Corporation Health Services Staff shall not be responsible for the diagnosis of student illness. The administration of prescribed medication and/or medically-prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, or the student would not be able to attend school if the medication or treatment were not made available during school hours, or the child requires medication to benefit from his/her educational program.

For purposes of this policy, "medication" shall include all medicines including those prescribed by a physician and any non-prescribed (over-the-counter) drugs, preparations, and/or remedies that are FDA approved. "Treatment" refers both to the manner in which a medication is administered and to health-care procedures which require special training, such as catheterization or injections.

Before any medication or treatment may be administered by school personnel to any student during school hours or during school related activities, the MCCSC Corporation Health Services staff shall: require the written prescription form from the child's physician for all prescription drugs accompanied by the written authorization of the parent. In the case of FDA approved non-prescription drugs, preparations, or remedies, a written authorization from the parent must be on file prior to administration of the treatment. These documents shall be kept on file in the school's health office of the child's school and made available to the persons authorized to administer medication or treatment. The prescription must be in its original container, labeled with the student's name and the exact dosage. At no time is the school to administer a dosage other than that authorized by the physician's prescription. The labeled bottle must match the prescription. Both written authorization from the parent and written prescription from the child's physician shall be required to authorize any self-medication by the student. In addition physician's statement authorizing self-medication must include the information set forth in Policy 5330.01 - Self-Administered Medication. All controlled substances should be stored within the health office and kept secure via locking mechanism.

Before any non-prescribed medication or treatment may be administered, the Corporation Health Services staff shall require the prior written consent of the parent (see 5330 F1a and Form 5330 F1b). These documents shall be kept in the school health office.

Except in the case of authorized self-medication, all forms of medication shall be administered by the Corporation in accordance with the Superintendent's guidelines.

No student is allowed to provide or sell any type of prescribed or non-prescribed (over-the-counter) medication to another student.

Violations of this rule will be considered violations of Policy 5530 - Drug Prevention and of the Student Code of Conduct/Student Discipline Code.

Students who may require administration of an emergency medication may have such medication, stored in the school's health office and administered in accord with this policy. However, if authorization (Form 5330 F3) for self-medication has been provided by the parent and physician which complies with the requirements of Policy 5330.01 - Self-Administered Medication, then the student may retain possession of the self-administered medications.

Medication that is possessed by a school for administration during school hours or at school functions, for students in grades K-8 may be released only to the student's parent or to an individual who is eighteen

(18) years of age or older and who has been designated, in writing, by the student's parent to receive the medication.

A school may send home medication that is possessed by the school for administration during school hours or at school functions with a student in grades 9-12, if the student's parent provides written permission for the student to receive the medication

The Corporation Health Services staff shall permit the administration by staff of any procedure and/or treatment after being properly trained by a school nurse.

The Superintendent shall prepare administrative guidelines to ensure the proper implementation of this policy

SELF-ADMINISTERED MEDICATION

A student may possess and self-administer medication for chronic diseases or medical conditions provided the student's parent files a written authorization with the principal. The written authorization must be filed annually. A physician's written statement must be included with the parent's authorization.

The physician's statement filed annually to include the following information:

- A. An acute or chronic disease or medical condition exists for which the medication is prescribed.
- B. The student has been given instruction as to how to self-administer the medication.
- C. The nature of the disease or medical condition requires emergency administration of the medication.

The Corporation, School or School Board is not liable for civil damages as a result of a student's self-administration of medication for an acute or chronic disease or medical condition except for an act or omission amounting to gross negligence or willful and wanton misconduct.

CONTROL OF CASUAL CONTACT COMMUNICABLE DISEASES AND PESTS

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest such as lice.

Specific diseases include; diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the local and state health departments.

Any removal will be limited to the contagious period as specified in MCCSC Administrative Guidelines.

CONTROL OF NON-CASUAL CONTACT COMMUNICABLE DISEASES AND PESTS

MCCSC has an obligation to protect staff and students from non-casual contact communicable diseases. When a non-casual contact communicable disease is suspected, the staff or student's health will be reviewed by a panel of resource people, including the county health department. The school will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS, ARD-AIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to the laws protecting confidentiality.

SPECIAL EDUCATION

SPECIAL EDUCATION

Students are entitled to a free appropriate public education in the "least restrictive environment". MCCSC provides a variety of special education programs for students identified as having a disability as defined by the Individuals with Disabilities Education Act (IDEA).

A student can access special education services only through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, MCCSC encourages the parent to be an active participant. To inquire about the procedure please contact: Lisa Roberts, Principal. Students with disabilities who do not qualify for special education may be served within the regular education program with a Section 504 accommodation plan developed through an interactive dialogue between Grandview Elementary, the student, and the student's parent/guardian. Parents/Guardians who believe their child may have a disability that interferes substantially with the student's ability to function properly in school should contact Lisa Roberts, Principal

SUPPORTS FOR STUDENTS WITH DISABILITIES

In compliance with state and federal law, MCCSC will provide to each protected student with a disability without discrimination or cost to the student or family, those related aids, services or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student's abilities.

In order to qualify as a protected student with a disability, the student must be of school age with a physical or mental disability, which substantially limits or prohibits participation in or access to an aspect of the school program.

These services and protections for "protected students with disabilities" are distinct from those applicable to eligible students enrolled (or seeking enrollment) in special education programs. See school board

policy 2260.01 for additional details and procedures. For further information on the evaluation procedures and provision of services to protected students with disabilities, contact: Lisa Roberts, Principal.

DIRECTORY INFORMATION

MCCSC designates as student "directory information" that may be disclosed without consent of a parent or eligible student: a student's name; address; telephone number; date and place of birth; photograph; major field of study; participation in officially recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; awards received; or listing on an honor roll; scholarships. Directory information shall not be provided to any organization for profit-making purposes. Parents and eligible students may refuse to allow MCCSC to disclose such "directory information" upon written notification to MCCSC within 20 days after receipt of this handbook.

PARENT'S RIGHT TO KNOW

Upon a parent's request, MCCSC will provide information regarding the professional qualifications of their student's classroom teachers, including whether the student's teacher (a) has met Indiana's qualification and licensing criteria for the teacher's grade levels and subject areas, (b) is teaching under emergency or other provisional qualification/licensing status, or (c) has been subject to discipline of the teacher's license, and whether the student is provided services by paraprofessionals and, if so, their qualifications.

TESTING

Upon request, parents will be provided with information regarding student participation in assessments mandated by state and federal law, or by MCCSC. More information about Indiana's testing requirements is available at: <http://www.doe.in.gov/assessment>

INDIVIDUALS WITH DISABILITIES ACT (IDEA) AMERICANS WITH DISABILITIES ACT (ADA)

Section 504

The American with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act prohibit discrimination against persons with a disability in any program receiving federal financial assistance. This protection applies not just to students but all individuals who have access to MCCSC's programs and facilities.

The law defines person with a disability as anyone who:

- a. Has a mental or physical impairment that substantially limits one or more major life activities
- b. Has a record of such an impairment
- c. Is regarded as having such an impairment

MCCSC has specific responsibilities under this law, which include identifying, reviewing, and if the child is determined to be eligible, affording access to appropriate educational accommodations.

HOMELESS STUDENTS

Homeless students will be provided with a free and appropriate public education in the same manner as other students served by MCCSC. Homeless students are eligible to receive transportation services, participate in education programs for students with disabilities or limited English proficiency, participate in high ability programs, and receive meals under MCCSC's nutrition programs. Homeless students will not be denied enrollment based on lack of proof of residency. For additional information please contact Becky Rose at the Administration Building (812-330-7700).

STUDENT RECORDS (PROTECTION & PRIVACY)

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access.

Parents or eligible students should submit to the school principal or appropriate school official, a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parent or eligible students who wish to ask the school to amend a record should write the school principal or appropriate school official, clearly identify the part of the record they want changed and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school's school board; a person or company with whom the school has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. To file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA:

FIRE, TORNADO, AND SAFETY DRILLS

MCCSC complies with all fire safety laws and will conduct fire drills in accordance with state law. Specific instructions on how to proceed will be provided to students by their teachers who will be responsible for safe, prompt, and orderly evacuation of the building.

Tornado drills will be conducted during the tornado season using the procedures prescribed by the state. The alarm system for tornadoes is different from the alarm system for fires and consists of a school-wide signal or announcement.

Safety drills will be conducted once per school year. Teachers will provide specific instruction on the appropriate procedure to follow in situations where students must be secured in their building rather than evacuated. These situations can include a terrorist threat, a person in possession of a deadly weapon on school property or other acts of violence.

USE OF CELLULAR TELEPHONES AND WIRELESS COMMUNICATION DEVICES

A "wireless communication device" is a device that emits an audible signal, vibrates, displays a message, or otherwise summons or delivers a communication to the possessor.

Elementary and Middle School students may use wireless communication devices (WCDs) before and after school, during after school activities (e.g. extracurricular activities), at school-related functions, and any additional time approved by the building administrator. Use of WCDs, except those approved, at any other time is prohibited and they must be powered completely off and stored out of sight. WCD's may be used as an instructional device only when prior approval is given by the classroom teacher or building administrator.

Students are prohibited from using WCDs to capture, record or transmit the words (i.e. audio) and/or images (i.e., pictures/video) of any student, staff member or other person in the school or while attending

a school-related activity, without express prior notice and explicit consent for the capture, recording or transmission of such words or images. Using a WCD to take or transmit audio and/or pictures/video of an individual without his/her consent is considered an invasion of privacy and is not permitted, unless authorized by the building principal. Students who violate this provision and/or use a WCD to violate the privacy rights of another person may have their WCD confiscated and held until the end of the school year.

Possession of a WCD by a student is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege. Per *MCCSC Policy 5136*

SECTION II

ACADEMICS

FIELD TRIPS

Educational field trips are seen as an integral part of the school's instructional program, supplementing and providing enrichment for the learning activities which take place in the regular classroom. Parents do not need to sign a special permission form for students to participate in educational field trips that occur during school hours within the county. The teacher or sponsor will notify parents of the details of the trip and provide the principal with a list of students and adults who will be participating. To participate in a school event, the staff in charge of the event must take the Emergency Medical Authorization form for those students. This includes, but is not limited to, students involved in music trips, athletic trips, field trips, and academic contests. This does not include student spectators at events. Parents who do not wish for their child to participate in one of these field trips should notify the building principal in writing in advance of the scheduled trip.

REPORT CARDS

Report cards are sent home with children the week following the end of the 9th, 18th, and 27th weeks of school. The final report card will be mailed home or sent home the last day of school. Please maintain close contact with your child's teacher throughout the school year.

STUDENT ASSESSMENT

To measure student progress, students will be tested in accordance with state standards and MCCSC policy.

Unless exempted, each student will be expected to pass the ISTEP test as well as IREAD 3 for third grade students. Make-up dates are scheduled, but unnecessary absences should be avoided.

Additional group and individual tests are given to students to monitor progress and determine educational mastery levels. These tests are used to help the staff determine instructional needs.

PROMOTION, PLACEMENT, AND RETENTION

The School Board recognizes that the personal, social, physical, and educational growth of children will vary and that they should be placed in the educational setting most appropriate to their needs at the various stages of their growth.

It shall be the policy of the School Board that each student is moved forward in a continuous pattern of achievement and growth that is in harmony with his/her own development. Such pattern should coincide with the system of grade levels established by this School Board and the instructional objectives established for each.

A student will be promoted to the succeeding grade level under any of the following conditions:

- A. completed the course requirements at the presently assigned grade;
- B. in the opinion of the professional staff, achieved the instructional objectives set for the present grade;
- C. demonstrated sufficient proficiency to permit him/her to move ahead in the educational program of the next grade;

D. demonstrated the degree of social, emotional, and physical maturation necessary for a successful learning experience in the next grade;

A student enrolled in special education shall be promoted or retained based on the opinion of the Case Conference and the student's I.E.P.

No student who has successfully completed a grade shall be retained or allowed to repeat a grade in order to improve his/her ability or lengthen his/her eligibility to participate in extracurricular athletic programs.

Following sound principles of child guidance, the School Board discourages the skipping of grades.

The School Board will comply with the requirements of the Indiana Department of Education regarding the consequences for students in grade three who fail to pass the Indiana Reading Evaluation and Determination Assessment (IREAD-3). Accordingly, a student who does not pass the IREAD-3 assessment either during the assessment period in the school year or during the summer assessment window, in the following school year, will continue to receive instruction in grade three reading for a period of time, will be officially reported as a third grader, and will fully participate in the grade three ISTEP+ assessment.

Good cause exemptions that may be considered are:

- A. a student who has been previously retained two times prior to the fourth grade;
- B. a student with disabilities whose case conference committee has determined that promotion is appropriate;
- C. an English learner student whose Individual Learning Plan (ILP) Committee has determined that promotion is inappropriate;

The Superintendent shall develop administrative guidelines for promotion, placement, and retention of students which:

- A. require the recommendation of the professional staff for any promotion, placement, or retention;
- B. require that parents are informed in advance of the possibility of retention of a student at a grade level;
- C. assure that reasonable efforts be made to remediate the student's difficulties before s/he is retained;
- D. assign to the building principal the final responsibility for determining the promotion, placement, or retention of each student.

SECTION III

The Board will permit the use of school facilities when such permission has been requested in writing by a responsible organization or a group of citizens and has been approved by the principal.

- D. meetings of employee associations
- E. uses for voter registration and elections
- F. departments or agencies of the municipal government
- G. other governmental agencies
- H. community organizations formed for charitable, civic, social, educational, political, or religious purposes
- I. commercial or profit-making organizations but not for profit-making purposes

The use of school facilities shall not be granted for any purpose which is prohibited by law.

The Superintendent shall develop administrative guidelines for the granting of permission to use Corporation facilities including a schedule of fees. Such guidelines are to include the following:

- A. Each user shall present evidence of the purchase of organizational liability insurance to the limit prescribed by the Board.
- B. Use of school equipment in conjunction with the use of Corporation facilities must be requested specifically in writing, and may be granted by the procedure by which permission to use facilities is granted. The users of school equipment must accept liability for any damage or loss to such equipment that occurs while it is in their use. Where guidelines so specify, no item of equipment may be used except by a qualified operator.
- C. Users shall be liable financially for damage to the facilities and for proper chaperonage.

Should all or any part of the Corporation's community be struck by a disaster, the Board shall make Corporation grounds and/or facilities available, at no charge, for the housing, feeding, and care of victims or potential victims when requested by local, State, or Federal authorities. The Superintendent should meet with the appropriate local authority to establish a disaster preparedness plan in order to ensure that proper procedures are established to minimize confusion, inefficiency, and disruption of the educational program.

No liability shall attach to this Corporation, any employee, officer, or members of this Corporation specifically as a consequence of permitting access to these facilities.

SECTION IV

STUDENT CONDUCT

ATTENDANCE

Reporting Absences:

- Absences must be reported to the school office by **10:00 a.m.** on the day of the absence. Parents should call the school office, 825-3009, to report the absence or send a note to the office.
- If you would like to report the absence when the office is closed, you may call the school and leave a message.
- If your child is going to be absent more than one day, you only need to call once if you inform the office of the dates of the absences.
- An attempt will be made to contact parents of children absent from school with no notification from the parent. This is to ensure the safety of all students.
- If your child will be absent or tardy due to a doctor/dentist appointment, it is very important to bring in a doctor's statement to the office.

Tardy and Partial-Day Absences:

In an attempt to increase student instructional time, MCCSC schools record these losses using the following process throughout the district:

- Students who are 15 minutes late or less to school or to the classroom due to their own actions will continue to be marked tardy. (i.e.: stopping to chat with friends, in the restroom)
- Students who are late to class due to a school issue beyond their or their parents' control will not be marked as tardy. (i.e.: late bus)
- All other reasons students are not in school for a portion of the day will be marked as a "partial day absence" on student report cards. (i.e.: late arrival more than 15 minutes, mid-day absence, early dismissal)

Releasing Students During the School Day:

- In the morning, parents should send a note to the classroom teacher to inform her/him that the child will be leaving during the day. If your child is leaving and not returning, please indicate this in your note.
- Parents should check in at the office and office personnel will contact the child via the intercom. Parents should not go directly to the classroom in an effort to avoid disruptions to instruction.
- A child will not be released to anyone other than the parent unless the parent has made prior arrangements.
- Children should never leave the school without permission from the teacher and the main office.

- If a child is leaving for the purpose of a dentist or doctor appointment, please submit to the office a medical excuse from the physician or dentist.
- Please try to avoid taking your child from school during the school day if at all possible.

It is imperative parents taking students to lunch adhere to their child's lunch schedule. Please do not take children out of class early and be sure to return on time. If you have more than one child with two different lunch schedules, please do not take one child out of class in order to go to lunch with a sibling. It is important for children to be in class.

ATTENDANCE

(Per MCCSC Policy 5200)

The School Board, as an agency of the State, is required to enforce regular attendance of students. The School Board recognizes that presence in the classroom enables the student to participate in instruction, class discussions, and other related activities. As such, regular attendance and classroom participation are integral to instilling incentives for the student to excel.

Attendance shall mean to be physically present in a school or at another location where the school's educational program is being conducted during regular school hours on a day in which the educational program in which the student is enrolled is being offered.

Attendance shall be required of all Corporation students, except those exempted under policy 5223, items A to O listed under excused absences, or by other provisions of State law, during the days and hours that the school is in session or during the attendance sessions to which s/he has been assigned. Attendance need not always be within the school facilities, but a student will be considered to be in attendance if present at any place where school is in session by authority of the Board.

A student may not be required to attend school and/or may not be allowed to attend school if it is shown to the satisfaction of the Principal that the mental condition of the student is such that s/he cannot benefit from instruction, or that the physical condition of the student is such as to prevent attendance at school or that s/he is receiving instruction equivalent to that provided in public schools.

The Superintendent shall develop administrative guidelines for the attendance of students which:

- A. Ensure a school session which is in conformance with the requirements of the law;
- B. Ensure that students with any number of excused absences (excluding out of school suspensions), or other absences up to the equivalent of ten (10) days per 180 school days, regardless of the school year, have the opportunity to make up work they missed.
- C. Ensure that appropriate steps are taken to promote good attendance
- D. Govern the keeping of attendance records in accordance with the rules of the State Board;
- E. Ensure that, when appropriate, any student who has excessive absences due to a medically documented physical or mental impairment may be referred for evaluation for eligibility either

under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973.

The Principal or designee shall require, from the parent of each student or from an adult student who has been absent for any reason, notification of the cause for such absence. The Principal or designee reserves the right to verify such statements and to investigate the cause of each single absence. Repeated infractions of the School Board's policy on attendance may result in disciplinary action, including suspension or expulsion of a student.

The School Board and Indiana Statute consider certain factors to be reasonable excuses for time missed from school. Any student absences from school will be categorized as follows:

1. Exempt absences for the student, which do not count against the Corporation's attendance rates include:

- A. serving as a page or honoree of the General Assembly (IC 20-33-2-14);
- B. serving on the precinct election board or as a helper to a political candidate or party on the day of a municipal, primary or general election (IC 20-33-2-15);
- C. when subpoenaed to testify in court (IC 20-33-2-16);
- D. serving with the National Guard for no more than 10 days (IC 20-33-2-17);
- E. serving with the Civil Air Patrol for up to 5 days (IC 20-33-2-17.2);
- F. any educationally related non-classroom activity if the activity is consistent with and promotes the educational philosophy and goals of the Corporation;
- G. facilitates the attainment of specific educational objectives; is part of the goals and objectives of an approved course or curriculum; represents a unique educational opportunity; cannot reasonably occur without interrupting the school day and is approved in writing by the school principal.

In each of these circumstances, the student is excused from school and is not to be recorded as absent, and is not to be penalized in any way by the school.

Excused Absences which do count against the school's attendance rates include:

- A. Illness
- B. Recovery from accident
- C. Death in the immediate family
- D. Professional appointments
- E. College visit for a junior or senior
- F. Participation in or observance of a bona fide religious holiday
- G. Out of school suspensions
- H. Related to Article 7 or Section 504
- I. Military-connected students whose parents or legal guardian are experiencing a deployment
- J. Such other good cause acceptable to the Principal and permitted by law

2. Unexcused absences.

An unexcused absence is an absence from school not authorized by state law or Corporation policy.

The Superintendent will develop administrative guidelines which define and address each category.

The Superintendent is authorized to establish an educational program for parents of truant students, which is designed to encourage parents to ensure that their children attend school regularly.

The Superintendent shall ensure that the administrative guidelines on attendance properly address the matter of truancy by including a process which:

- A. identifies the habitual truant, that is, a student who is chronically absent by having unexcused absences from school for more than ten (10) school days in one (1) school year;
- B. investigates the cause(s) of his/her truant behavior;
- C. considers, when appropriate, modification of his/her educational program to meet particular needs which may be causing the truancy;
- D. ensures that truant students are disciplined in accordance with the Corporation's policies and administrative guidelines on student discipline;
- E. provides for the reporting to the Bureau of Motor Vehicles those students who have been suspended for the second time during a school year, expelled, or excluded for misconduct.
- F. provides for corrective action, such as by juvenile probation or the Department of Child Services, as appropriate.

STUDENT BEHAVIOR STANDARDS

Grandview Elementary students have the right to a safe, positive learning environment. These rights must not be violated by anyone, including other students. Bullying by a student or group of students against another student is prohibited. Lewd, vulgar, offensive or abusive conduct, speech, and/or dress are not acceptable. Students must not disrupt the order of the school. In order to create and maintain a positive learning environment, we expect children to observe school-wide expectations and classroom expectations.

Generally, most students follow school-wide expectations. However, two general grounds for suspension and/or expulsion are student misconduct and substantial disobedience. Examples of student misconduct and substantial disobedience include, but are not limited to behavior that disrupts the school environment, bullying, aggressive behavior, attempting to cause physical injury or behaving in a manner that could result in physical harm. This applies on school grounds immediately before or during school hours, or immediately after school hours, or at any other time when the school is being used by a school group; off school grounds at a school activity; or traveling to or from school or a school activity. Please see MCCSC Policy 5200 for specific grounds for suspension and expulsion.

DISCIPLINE

STUDENT CONDUCT

The Board believes that students should have certain expectations regarding their rights, and learn to assume responsibility for their own behavior and the consequences of their actions. To that end, students have certain rights relative to their education and treatment, and they have certain responsibilities along those same lines. Such rights and responsibilities would include:

- A. The right to an education, but also the responsibility to take advantage of that opportunity and the responsibility to not interfere with the rights of other students to get an education;
- B. The right to expect to be treated with reasonable standards of socially-acceptable behavior, but also the responsibility to conform to reasonable standards of socially-acceptable behavior;
- C. The right to have your person and property treated with respect, but also the responsibility to
- D. treat others and their property with respect;
- E. The right to have your personal rights respected, but also the responsibility to respect the rights of others;
- F. The right to expect that those faculty and staff who have authority over you will exercise that authority appropriately, but also the responsibility to obey the constituted authority and to respond appropriately to those who hold that authority.

It is also acknowledged that an essential element of appropriate student behavior involves communication and cooperation between the school and the home environment. To that end, school administrators and staff are encouraged to contact parents/guardians as quickly as possible when discipline issues arise. Likewise, parents/guardians are encouraged to contact their child's school whenever issues arise that could impact the behavior and/or discipline related to their child. Specifics related to student expectations are included in the following Code of Conduct.

This includes any unlawful activity meeting the above criteria which takes place during weekends, holidays, other school breaks, and the summer period when a student may not be attending classes or other school functions.

III. Consequences for Violations of the Student Code of Conduct

School officials will implement practices of progressive discipline when students do not adhere to the Code of Conduct in order to maintain an appropriate safe and orderly school environment. Progressive discipline means beginning with the least severe or restrictive discipline appropriate to the offense, and utilizing more severe sanctions when a student's behavior warrants. Actions may include, but are not limited to, office referral, conferencing, mediation, detention, removal from class or activity, in-school suspension, alternative to suspension program, suspension, alternative to expulsion, and expulsion. Actions may not include the use of physical activity or the withholding of food as a form of discipline. The School Board recognizes that removal from the educational program of the Corporation, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student in this Corporation and one that cannot be imposed without due process since removal deprives a non-disabled student of the right to an education. In all cases, except when legally defined, alternatives to suspension will be considered as a first option to suspension, and alternatives to expulsion will be considered as a first option to expulsion.

RESTRAINT/SECLUSION

As a part of the emergency procedures in place in our schools, any student who poses an imminent risk of injury to him/herself or to others may be physically restrained and/or placed in seclusion by school staff in accord with School Board policies. These could occur along with other emergency actions such as calling the police. Significant violations of the law including assaults on students and staff will be reported to the police. As soon as possible after any such incident the parents or guardian will be informed when any of these actions have occurred.

DUE PROCESS RIGHTS

The School Board recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the Corporation's disciplinary procedures.

The Superintendent shall establish administrative guidelines to ensure that all members of the staff follow due process procedures when dealing with students. In addition, a statement of due process rights is to be placed in all student handbooks in a manner that will facilitate understanding by students and their parents.

CONSEQUENCES FOR VIOLATIONS OF STUDENT CODE OF CONDUCT

School officials will implement practices of progressive discipline when students do not adhere to the Code of Conduct in order to maintain an appropriate safe and orderly school environment. Progressive discipline means beginning with the least severe or restrictive discipline appropriate to the offense, and utilizing more severe sanctions when a student's behavior warrants. Actions may include, but are not limited to, office referral, conferencing, mediation, detention, removal from class or activity, in-school suspension, alternative to suspension program, suspension, alternative to expulsion, and expulsion. Actions may not include the use of physical activity or the withholding of food as a form of discipline. The School Board recognizes that removal from the educational program of the Corporation, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student in this Corporation and one that cannot be imposed without due process since removal deprives a non-disabled student of the right to an education. In all cases, except when legally defined, alternatives to suspension will be considered as a first option to suspension, and alternatives to expulsion will be considered as a first option to expulsion.

ANTI-HARASSMENT

General Policy Statement

It is the policy of the School Board to maintain an education and work environment which is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all Corporation operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board. The Board will vigorously enforce its prohibition against harassment based on sex, race, color, national origin, religion, disability, or any other unlawful basis, and encourages those within the Corporation community as well as third parties who feel aggrieved to seek assistance to rectify the problems. The Board will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take immediate steps to end the harassment. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action. For purposes of this policy, "Corporation community" means students, administrators, teachers, staff, and all other school personnel, including Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board. For purposes of this policy, "third parties" include, but are not limited to, guests and/or visitors on Corporation property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or

seeking to do business with, the Board, and other individuals who come in contact with members of the Corporation community at school-related events/activities (whether on or off Corporation property).

Other Violations of the Anti-Harassment Policy

The Board will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging harassment, or who has participated as a witness in a harassment investigation.
- B. Filing a malicious or knowingly false report or complaint of harassment.
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating harassment charges comprises part of one's supervisory duties.

Definitions Sexual Harassment

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, "sexual harassment" is defined as: Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's status in a class, educational program, or activity
- B. Submission or rejection of such conduct by an individual is used as the basis for educational decisions affecting such individual;
- C. Such conduct has the purpose or effect of interfering with the individual's educational performance; of creating an intimidating, hostile, or offensive learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender. Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
- B. Physical assault.
- C. Threats or insinuations that a person's academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs or events, or other conditions of education may be adversely affected by not submitting to sexual advances.
- D. Unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls. Sexually suggestive objects, pictures, videotapes, audio recordings or literature, placed in the educational environment, which may embarrass or offend individuals.
- E. Sexually suggestive objects, pictures, videotapes, audio recordings or literature, placed in the educational environment, which may embarrass or offend individuals.
- F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
- G. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another
- H. Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
- I. Inappropriate boundary invasions by a Corporation employee or other adult member of the Corporation community into a student's personal space and personal life.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects an individual's education, or such that it creates a hostile or abusive educational environment.

NOTE: Sexual conduct/relationships with students by Corporation employee or any other adult member of the Corporation community is prohibited, and any teacher, administrator, coach or other school authority, or staff member who engages in certain sexual conduct with a student may be disciplined up to and including termination and may also be guilty of the criminal charge of "sexual battery" as set forth in Indiana Code 35-42-4-8. In the case of a child under fourteen (14) years of age, the person may also be guilty of "child molesting" under Indiana Code 35-42-4-3. In the case of a child between the ages of fourteen (14) and sixteen (16), the person may also be guilty of "sexual misconduct with a minor" under Indiana Code 35-42-4-9. The issue of consent is irrelevant in regard to the latter two (2) criminal charges. Any employee accused of sexual relations with a student may be placed on leave with pay until school administrative proceedings are completed. Proven sexual relationships with a student regardless of the age of the student will initiate the termination process for the employee.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's educational performance; of creating an intimidating, hostile, or offensive learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's educational performance; of creating an intimidating, hostile, or offensive learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs. **National Origin**

Harassment

Prohibited national origin harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin and when the conduct has the purpose or effect of interfering with the individual's educational performance; of creating an intimidating, hostile, or offensive learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's educational performance; of creating an intimidating, hostile, or offensive learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disabling condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like.

Reports and Complaints of Harassing Conduct

Members of the Corporation community and third parties are encouraged to promptly report incidents of harassing conduct to an administrator, supervisor or other Corporation official so that the Board may address the conduct before it becomes severe, pervasive, or persistent.

Members of the Corporation community or third parties who believe they have been unlawfully harassed by another member of the Corporation community or a third party are entitled to utilize the Board's informal and/or formal investigation and complaint process. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's participation in educational or extra-curricular programs. Individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The names and titles of the Anti-Harassment Complaint Coordinators with whom complaints of unlawful harassment should be filed are set forth in the administrative guidelines that supplement this policy. The names and titles of these individuals will be published annually in the parent and staff handbooks and on the School Corporation's web site.

The Superintendent shall establish administrative guidelines describing both a formal and an informal process for making a charge of harassment, a process for investigating claims of harassment, and a process for rendering a decision regarding whether the claim of harassment was substantiated. This policy and the administrative guidelines will be readily available to all members of the School Corporation community and posted in appropriate places throughout the School Corporation.

Any Board employee who directly observes unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to one of the Complaint Coordinators. Thereafter, the Complaint Coordinator must contact the student if age eighteen (18) or older, or the student's parents if under the age eighteen (18), to advise s/he/them of the Board's intent to investigate the alleged misconduct, including the obligation of the Complaint Coordinator or designee to conduct an investigation following all the procedures outlined for a formal complaint.

Privacy/Confidentiality

The Corporation will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the School Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Informal Process for Addressing Complaints of Harassment

The administrative guidelines will include an informal complaint process to provide members of the Corporation community or third parties who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Members of the Corporation community or third parties who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The administrative guidelines will include as a requirement the prerequisite that the informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process. Those members of the Corporation community or third parties who believe that they have been unlawfully harassed may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process. However, all complaints of harassment involving a Corporation employee or any other adult member of the Corporation community against a student will be formally investigated.

Formal Process for Addressing Complaints of Harassment

The administrative guidelines will also include a formal complaint process. While the formal complaint process may serve as the first step to resolution of a charge of unlawful harassment, it is also available in those circumstances when the informal complaint process fails to satisfactorily resolve a concern. Because of the need for flexibility, no specific time lines are established for initiating the formal complaint process; however, once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within thirty-one (31) calendar days of the complaint being received).

Members of the Corporation community or third parties who feel they have been unlawfully harassed should file a formal written complaint with the principal of their school building or with one (1) of the Complaint Coordinators identified in the administrative guidelines. Oral complaints of harassment will be reduced to writing by the individual receiving the complaint and the Complainant will be asked to verify the accuracy of the reported charge by signing the document. Complaints received by a school building principal will be immediately reported to the appropriate Complaint Coordinator identified in the administrative guidelines.

After a complaint is filed, the Complaint Coordinator or designee shall conduct a prompt and timely investigation. The investigation may include interviews of the complainant, the individual accused of engaging in harassing behavior, and any other witness who may reasonably be expected to have information relevant to the situation. All interviewed parties and witnesses will be provided an opportunity to present any evidence that they reasonably believe to be relevant to the situation.

At the conclusion of the investigation the Complaint Coordinator or designee will prepare and deliver to the Superintendent a written report summarizing the evidence gathered during the investigation and providing his/her recommendations regarding whether or not the complaint of unlawful harassment has been substantiated. The written report must be based on the totality of the circumstances involved in the complaint, the nature of the alleged conduct, the context in which the alleged conduct occurred, and the ages and maturity of the individuals involved.

A copy of the written report will also be delivered to the member of the Corporation community or third party making the complaint and the individual accused of the harassing conduct.

Upon review of the written report the Superintendent will either issue a final decision regarding whether or not the complaint of unlawful harassment was substantiated, or request that further investigation be conducted. A copy of Superintendent's action will be delivered to both the Complainant and the individual accused of the harassing conduct. The decision of the Superintendent shall be final.

The Complaint process set forth in the policy and in the administrative guidelines is not intended to interfere with the rights of a member of the Corporation community or a third party to pursue a complaint of unlawful harassment with the United States Department of Education, Office for Civil Rights, the Indiana Civil Rights Commission, or the Equal Employment Opportunity Commission.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law. When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

Where the Board becomes aware that a prior remedial action has been taken against a member of the Corporation community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to eliminate such conduct in the future.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent or designee shall provide appropriate training to all members of the Corporation community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines and harassment in general will be age and content appropriate.

STUDENT HAZING

The School Board believes that hazing activities of any type are inconsistent with the educational process and prohibits all such activities at any time in school facilities, on school property, and at any Corporation-sponsored event.

Hazing shall be defined for purposes of this policy as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes or creates a risk of causing mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Administrators, faculty members, and other employees of the Corporation shall be alert particularly to possible situations, circumstances, or events which might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer of the prohibitions contained in this policy and shall be ordered to end all hazing activities or planned activities immediately. All hazing incidents shall be reported immediately to the Superintendent. Students, administrators, faculty members, and other employees who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil and criminal penalties in accordance with law.

The Superintendent shall distribute this to all students and Corporation employees, and shall incorporate it into building, staff, and student handbooks. It shall also be the subject of discussion at employee staff meetings or in-service programs.

BULLYING

The School Board is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The School Board encourages the promotion of positive interpersonal relations between members of the school community. Bullying behavior toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse as provided herein.

Bullying as defined by Indiana law means overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically), physical acts committed, aggression, or any other behaviors that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively hostile student environment that:

1. places the targeted student in reasonable fear of

harm to the targeted student's person or property;

2. has a substantially detrimental effect on the targeted student's physical or mental health;

3. has the effect of substantially interfering with the targeted student's academic performance; or

4. has the effect of substantially interfering with the target student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

This type of behavior is a form of harassment and would include, but is not be limited to, such behaviors as stalking, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Bullying does not include:

- participating in a religious event;

- acting in an emergency involving the protection of a person or property from an imminent threat

of serious bodily injury or substantial danger;

- participating in an activity consisting of the exercise of a student's freedom of speech rights;

- participating in an activity conducted by a nonprofit or governmental entity that provides recreation, education, training, or other care under the supervision of one (1) or more adults;

- participating in an activity undertaken at the prior written direction of the student's parent; or

This policy may be applied regardless of the physical location in which the bullying behavior occurred, whenever:

1. the individual committing the bullying behavior and

any of the intended targets of the bullying behavior are students attending a school within a school corporation; and

2. disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to the rights of others to a safe and peaceful learning environment.

The Corporation prohibits bullying through the use of data or computer software that is accessed through any computer, computer system or computer network.

Monroe County Community Schools shall provide training to the school corporation's employees and volunteers who have direct, ongoing contact with students concerning bullying behavior.

Monroe County Community Schools will provide training and/or instruction on anti-bullying prevention and policy to students in grades 1 through 12, as well as staff, in accordance with Indiana law.

The Superintendent designee will be responsible for administrative guidelines to enforce this policy.

Bullying Guidelines (policy 5517.01)

Bullying committed by students toward other students is strictly prohibited. Engaging in bullying conduct described in this rule by use of data or computer software that is accessed through any computer, any computer system, or any computer network is also prohibited.

1. For purposes of this rule, bullying is defined as

overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner including electronically or digitally, physical acts committed, aggression, or any other similar behaviors that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively hostile school environment that:

- places the targeted student in reasonable fear of harm to the targeted student's person or property;

- has a substantially detrimental effect on the targeted student's physical or mental health;
- has the effect of substantially interfering with the targeted student's academic performance; or
- has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

2. This rule may be applied regardless of the physical location of the bullying behavior when a student committing bullying behavior and the targeted student attend a school within the school corporation and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to the rights of other students to a safe and peaceful learning environment.

3. Any student or parent who has knowledge of conduct in violation of this rule or any student who feels he/she has been bullied in violation of this rule should immediately report the conduct to the [school administrator] who has responsibility for all investigations of student misconduct including bullying. A student or parent may also report the conduct to a teacher or counselor who will be responsible for notifying the [school administrator]. This report may be made anonymously.

4. The [school administrator] shall investigate immediately all reports of bullying made pursuant to the provisions of this rule. Such investigation must include any action or appropriate responses that may be taken immediately to address the bullying conduct wherever it takes place. The parents of the bully and the targeted student(s) shall be notified on a regular, periodic basis of the progress and the findings of the investigation and of any remedial action that has been taken.

5. If the investigation finds an instance of bullying behavior has occurred, it will result in prompt and appropriate disciplinary action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

6. The [school administrator] will be responsible for working with the school counselors and other community resources to provide information and/or follow-up services to support the targeted student and to educate the student engaging in bullying behavior on the effects of bullying and the prevention of bullying. In addition, the school administrator and school counselors will be responsible for determining if the bullying behavior is a violation of law required to be reported to law enforcement under Indiana law based upon their reasonable belief. Such determination should be made as soon as possible and once this determination is made, the report should be made immediately to law enforcement.

7. False reporting of bullying conduct as defined in this rule by a student shall be considered a violation of this rule and will result in any appropriate disciplinary action or sanctions if the investigation of the report finds it to be false.

8. Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of bullying is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as bullying.

9. Failure by a school employee who has a responsibility to report bullying or investigate bullying or any other duty under this rule to carry out such responsibility or duty will be subject to appropriate disciplinary action, up to and including dismissal from employment with the school corporation.

10. Counseling, corrective discipline, and/or referral to law enforcement will be used to change the behavior of the perpetrator. This includes appropriate intervention(s), restoration of a positive climate, and support for victims and others impacted by the bullying.

11. Educational outreach and training will be provided to school personnel, parents, and students concerning the identification, prevention, and intervention in bullying.

12. All schools in the corporation are encouraged to engage students, staff and parents in meaningful discussions about the negative aspects of bullying.

The parent involvement may be through parent organizations already in place in each school.

13. The superintendent or designee will be responsible for developing detailed administrative procedures consistent with the Indiana Department of Education guidelines for the implementation of the provisions of this rule.

WEAPONS

The School Board prohibits students from possessing, storing, making, or using a weapon in any setting that is under the control and supervision of the Corporation for the purpose of school activities approved and authorized by the Corporation including, but not limited to, property leased, owned, or contracted for by the Corporation, a school-sponsored event, or in a Corporation vehicle.

The possession of a firearm in or on school property, in or on property that is being used by a school for a school function, or on a school bus is a felony (I.C. 35-47-9-2) and is prohibited by School Board policy. Possession includes storing the firearm in a personal vehicle while on school property. This prohibition applies to all students including those who have a personal protection permit to carry a handgun.

The term "weapon" means any object which, in the manner in which it is used, intended to be used, or represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and or safety of persons. Weapons include, but are not limited to, firearms, Tasers, handguns, stun guns, guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, chemical weapons, metallic knuckles, martial arts weapons, ammunition, and explosives, destructive devices (bombs, incendiary, grenade, Molotov cocktail, rocket with a propellant charge of more than four (4) ounces, etc.). A "knife" is defined as "an instrument that: 1) consists of a sharp edge or sharp pointed blade capable of inflicting cutting, stabbing, or tearing wounds; and 2) is intended to be used as a weapon." I.C. 35-47-5-2.5(a)

This policy shall also encompass such actions as possession of look-alike items, false fire alarms, bomb threats, or intentional calls to falsely report a dangerous condition.

The Superintendent is authorized to establish administrative guidelines on weapons which require students to immediately report knowledge of weapons and threats of violence by students and staff to the building principal. Failure to report such knowledge may subject the student to immediate suspension and potential expulsion from school.

The Superintendent will report any student who violates this policy to the student's parents or guardians and to the law enforcement agency having jurisdiction over the property where the offense occurs. The student also may be subject to disciplinary action, up to and including expulsion.

Items pre-approved by the building principal as part of a class or individual presentation or a theatrical prop used under adult supervision, if used for the purpose and in the manner approved, would be an

exception to this policy. (Working firearms and any ammunition will never be approved as part of a presentation.)

USE OF SECLUSION AND RESTRAINT WITH STUDENTS

As a part of the emergency procedures in place in our schools, any student who poses an imminent risk of injury to him/herself or to others may be physically restrained and/or placed in seclusion by school staff in accord with School Board policies. These could occur along with other emergency actions such as calling the police. Significant violations of the law including assaults on students and staff will be reported to the police. As soon as possible after any such incident the parents or guardian will be informed when any of these actions have occurred. *MCCSC Policy 5630.01*

SEARCH AND SEIZURE

The School Board recognizes its obligation to balance the privacy rights of its students with its responsibility to provide student, faculty, and authorized visitors with a safe, hygienic, and alcohol/drug-free learning environment.

In balancing these competing interests, the School Board directs the Superintendent to utilize the following principles.

School Property

School facilities such as lockers and desks are school property provided for student use subject to the right of the Superintendent and his/her designee to enter the facility as needed and inspect all items in the facility searched. Students shall not have an expectation of privacy in any facility provided by the school and shall not be permitted to deny entry to a Corporation administrator by the use of a lock or other device. The School Board directs the school principals to conduct a regular inspection of all such storage places.

Student Person and Possession

Prior to a search of a student's person and personal items in the student's immediate possession, consent of the student shall be sought by an administrator. If the student does not consent, such a search shall be permitted based only upon the administrator's individualized reasonable suspicion to believe that the search will produce evidence of a violation of a law, school rule, or a condition that endangers the safety or health of the student or others. Searches of the person of a student shall be conducted and witnessed by a person of the same gender as the student and shall be conducted in a private place. The student shall be given the option of selecting the witness from the faculty members on the school premises at the time of

the search. A searched student's parent or guardian shall be notified of the search within twenty-four (24) hours if possible.

Searches, pursuant to this policy, shall also be permitted in all situations in which the student is under the jurisdiction of the School Board as defined by I.C. 20-33-8-14

Permission for a student to bring a vehicle on school property shall be conditioned upon consent of the search of the vehicle and all containers inside the vehicle by a school administrator with reasonable suspicion to believe the search will produce evidence of a violation of law, a school rule, or a condition that endangers the safety or health of the student driver or others. The student shall have no expectation of privacy in any vehicle or in the contents of any vehicle operated or parked on school property.

The Superintendent may request the assistance of a law enforcement agency in implementing any aspect of this policy. Where law enforcement officers participate in a search on school property or at a school activity pursuant to a request from the Superintendent, the search shall be conducted by the law enforcement officers in accordance with the legal standards applicable to law enforcement officers.

Non-Invasive Test Instruments

Administrators are authorized to arrange for the use of breath-test instruments for the purpose of determining if a student has consumed an alcoholic beverage. It is not necessary for the test to determine blood-alcohol level, since the School Board has established a zero tolerance for alcohol use.

Use of Dogs

The School Board authorizes the use of specially-trained dogs to detect the presence of drugs or devices such as bombs on school property under the conditions established in the Superintendent's administrative guidelines.

Anything found in the course of a search pursuant to this policy which constitutes evidence of a violation of a law or a school rule or which endangers the safety or health of any person shall be seized and utilized as evidence if appropriate. Seized items of value shall be returned to the owner if the items may be lawfully possessed by the owner. Seized items of no value and seized items that may not lawfully be possessed by the owner shall be destroyed.

The Superintendent shall promptly record in writing the following information for each search pursuant to this policy:

- A. the information upon which the search was based
- B. the time, date, location, students, or places searched, and persons present
- C. a description of any item seized and its disposition
- D. the time and date of notice to the parent or guardian in the case of the search of the person of a student

STUDENT CONDUCT

Respect for law and for those persons in authority shall be expected of all students. This includes conformity to school rules as well as general provisions of law regarding minors. Respect for the rights of others, consideration of their privileges, and cooperative citizenship shall also be expected of all members of the school community.

Respect for real and personal property; pride in one's work; achievement within the range of one's ability; and exemplary personal standards of courtesy, decency, and honesty shall be maintained in the schools of this Corporation. It is the responsibility of students, teachers and administrators to maintain a classroom environment that:

- A. allows teachers to communicate effectively with all students in the class;
- B. allows all students in the class the opportunity to learn;
- C. has consequences that are fair, and developmentally appropriate;
- D. considers the student and the circumstances of the situation; and enforces the Student Code of Conduct/Student Discipline Code accordingly. (*Policy 5500*)

STUDENT RIGHTS OF EXPRESSION

MCCSC recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material, buttons, badges, or other insignia; and the like. All items must meet school guidelines.

- A. A material cannot be displayed or distributed if it:
 - is obscene to minors, libelous, indecent, or vulgar,
 - advertises any product or service not permitted to minors by law,
 - intends to be insulting or harassing,
 - intends to incite fighting,
 - or presents a clear and present likelihood that, either because of its content or manner of distribution or display, it will cause or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the principal twenty-four (24) hours prior to display.

- B. Materials may not be displayed or distributed during passing times between classes. Permission may be granted for display or distribution during lunch periods and/or before or after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

SECTION V

TRANSPORTATION

BUS TRANSPORTATION TO SCHOOL

The Monroe County Schools provides students the privilege of bus transportation for students who live within school attendance area. Children are expected to follow these rules while riding the bus.

- Be on time at the bus stop.
- Be careful to protect the private property at the bus stop. Do not trespass.
- Bus drivers have the same disciplinary authority as a classroom teacher. Follow the driver's instructions the first time given.
- Stay in your seat. The driver may assign seats.
- Keep head, hands, arms, and feet inside the bus.
- Profanity, smoking, eating, and/or drinking is not allowed on the bus.
- Always cross in front of the bus when boarding or after exiting.

Safety checklist:

Getting to the bus stop:

1. Always get to the bus stop at least five minutes before the bus is due to arrive.
2. Running across the road to catch the bus isn't smart.
3. If you have to walk on roads where there are no sidewalks, always walk against traffic. Try to stay off the road as much as possible.
4. When crossing the street to get to the bus, always look left, then look right, then look left again. If there are parked cars blocking your view, go to the nearest corner cross walk.

While you're riding the bus:

1. When the bus is moving, always stay in your seat. Let the bus driver concentrate on the road. Remember, the bus driver's job is to get you to and from school safely.

Getting off the bus

1. When you leave the bus, use the handrail.
2. Make sure there is nothing sticking out on you (your clothes, the hood of your coat, key chains, backpack, etc.) that could get caught in the handrail on the bus or the bus door.

Riding a school bus is a privilege, which can be denied at any time for disruptive or unsafe behavior. If students remain seated, talk quietly, keep hands and feet and objects to themselves, and cooperate with the driver, the ride will be more pleasant and safer for all.

Children must have a change of transportation form signed by their parent if they are to ride a bus other than their regularly assigned bus, or get off at a different stop.

Bus Transportation Questions:

Please go to the MCCSC website (www.mccsc.edu) with questions regarding:

- which bus your child will ride.
- where the bus stop is located.
- what are the pick-up/drop-off times.
- or call the transportation department at 330-7719.

PENALTIES FOR INFRACTIONS

A student who becomes a behavior problem on the school bus shall be disciplined in accordance with the Student discipline code and may be deprived of the privilege of riding the school bus.

SECTION VI

OTHER ITEMS

END OF DAY PROCEDURES

If the end of the day routine needs to change for your child, **the teacher and office need to have that request in writing by 9:30 a.m.** Unless it is an emergency, phone calls will not be accepted for a change of plans. This is intended to protect your child from being left alone or picked up by an unauthorized person. Teachers are instructed to follow the original dismissal plans given to them by the parents. Any student planning to ride home on the bus with another student should bring a note from their parent/guardian, stating this. The note must be taken to the office at the beginning of the school day. At that time, office staff will provide the student with a "Transportation Change Bus Pass," which will be presented by the student to the bus driver prior to loading.

STUDENT PICK UP DURING SCHOOL HOURS

Please go to the office when picking up a student during school hours and sign them out. After verifying your identity and your right to pick up the child, we will call the child to the office.

DROP-OFF

When dropping off your student, please do not park at any curb. If you need to leave your car, park in a parking space. Cars should not be parked in the fire lane, marked by a red curb, at any time. If you are handicapped, park in a handicap spot only if you have the proper placard.

Parents should drop off their children between **8:20 and 8:35 a.m.** Please note that the doors of the building are locked before 8:20am and children are not to be waiting outside. If you plan on dropping your child off before 8:20am, then enroll him/her in the Extended Day program.

All students being dropped off are to be let out at the front entrance of the school building (by the flagpole). All buses drop off in the Faculty/Staff/Bus and Kindergarten drives. Please do not enter or block these areas.

Extended Day students are to be dropped off beginning at 6:30am. Extended day drop off is at the west entrance of the building, door # .

PICK-UP

When picking up your students, please do not park at any curb. If you need to leave your car, please park in a parking space. Cars should not be parked in the fire lane at any time. Also, please only park in a handicap spot if you have the proper placard.

All students are dismissed beginning at 3:50pm, after the second bell and announcements.

Walkers, car riders and Extended Day are dismissed first. Parents are asked to wait in the lobby area. Students will be released to authorized personnel by a Grandview staff member. No student will leave the building without an adult.

Students riding the bus will walk to their bus with their teachers.

Students going to after-school activities will then be dismissed by the office.

****Please note: In order to better protect your child, we no longer take phone calls to change after-school dismissal plans, unless it is an emergency. This policy is not intended to inconvenience our Grandview families, but rather to keep your child safe from being left alone or picked up by an unauthorized person.***

DRESS CODE

The determination of student dress is the responsibility of the student's family, **except when such dress interferes with, or is disruptive to the educational process.** Students should dress in a manner that promotes respect.

Avoid the following types of clothing:

- Bare midriff
- Halter tops
- Low cut shirts
- Short shorts/skirts (must be fingertip length)
- Excessively baggy pants
- Outfits allowing undergarments to show
- Clothing that is vulgar, has offensive messages, promotes alcohol, tobacco, violence, or is sexual in content
- Head coverings
- Flip flops/sandals are not allowed during PE class
- Roller shoes (Heelies)

Failure to comply with the dress code will result in parental contact. Parents may bring in appropriate attire, or school social worker will provide additional clothing.

CELEBRATIONS

Each teacher will set guidelines for celebrating birthdays and special events. However, please note that it is MCCSC's policy that all snacks meet the guidelines outlined in the Wellness Program. Please contact your child's teacher in advance, to make proper arrangements. Our classrooms are nut/peanut free if a child has an allergy to tree nuts or peanuts. If you are bringing in snacks for a classroom event all snacks must be approved by the school health aide before entering the classroom. If there is an allergy such as peanuts in your child's classroom you cannot bring any snacks that contain nuts/peanuts OR are produced in a facility that processes tree nuts or peanuts.

GIFTS

Because they are a distraction to learning in the classroom and not allowed on the bus, please do not send flowers, balloons, or other gifts to school. We will not send these items home with students. They will need to be picked up by an adult.

PARTY INVITATIONS

Please refrain from sending party invitations to school ***unless the entire class is invited.*** This helps prevent disappointment for uninvited children.

PROHIBITED ITEMS

Students may not possess the following items on school property or at school events without the explicit permission of a teacher or an administrator as they take away from the learning process.

- Chewing gum / Candy
- Toys
- Electronic equipment-radios, tape recorders, CD players, electronic paging devices, walkie-talkies, electronic games, virtual pets, IPODS, MP3 players, cameras, personal DVD players, personal game systems, television sets, or any other electronic items of distraction

- Skateboards, scooters, rollerblades, roller skates, or roller shoes (Heelies)
- Money (other than daily lunch money) and any other items of value

If students bring any of the above items to school, items will be held in the office until a parent is able to retrieve them. If items are brought a second time to school, they will be kept until the end of the school year.

- Weapons (real or toy), knives, laser pointers, glass containers for food or drink, or other items deemed dangerous
- Real or counterfeit drug, alcohol, or tobacco products or paraphernalia, narcotics, over-the-counter medications, inhalants, cigarette lighters, matches, and look-a-likes, etc.

If students bring any of the above items to school, MCCSC policy guidelines will be followed.

MCCSC Policy #5600 states that *“The Monroe County Community School Corporation shall hold the students of this corporation to a Code of Conduct. Failure to comply with said codes may be considered student misconduct and/or substantial disobedience which are grounds for suspension and/or expulsion.”*

- There are 22 items under the Student Code of Conduct. Number 22 states that *“No student shall use an electronic paging device or a handheld portable telephone on school grounds during school hours.”*
- Grandview policy permits the possession of a cell phone at school. However, the cell phone should be **OFF** and **OUT OF SIGHT**.
- The first time a cell phone is seen or heard, it will be confiscated and returned to the student at the end of the day. Any subsequent time the cell phone is seen or heard, it will be confiscated and turned in to the office. At that point, the cell phone will not be released to a student. The parent(s)/guardian(s) will receive a call notifying them that the cell phone will need to be picked up from the office.

HOME/SCHOOL CONNECTION

The Grandview staff actively promotes a sense of partnership between school and home through communication, invitations for involvement, and a warm welcome to our building. Teachers will provide

regular newsletters to keep families informed. Extra copies of these newsletters will be available near the front office.

HOMEWORK

Each teacher will set their own homework policies.

PARENT/TEACHER ORGANIZATION (PTO)

The PTO is a great opportunity to support Grandview Elementary School. The PTO organizes many fundraiser activities to support the education of your child. PTO meeting dates can be found on the school website: www.grandview.mccsc.edu.

If you submit your email to the PTO, they will put you on the list serve, which is utilized to communicate PTO news and updates. Please contact the office for more information.

SCHOOL VOLUNTEERS

Contact your child's teacher for opportunities to support classroom activities. Parent volunteers are a vital part of our school. Other volunteer opportunities will be available throughout the school year. Please call the office if you are interested.

All volunteers, including field trip chaperones, must pass a criminal history check, which can be provided by the school system. This background check must be filled out prior to the field trip. It can take up to 2 weeks to process a background check.

TELEPHONE CALLS AND MESSAGES

A parent may call a child's teacher at any time and leave a voice mail message. Use the extension number on the staff directory. If you have any questions, please contact the office at extension 50598 or dial 0 when calling Grandview Elementary at 812-825-3009. The telephones in school are for school business only. Students will not use the school telephones except in a case of emergency or with permission. Students will not be allowed to receive telephone calls except in cases of emergency. **NO** calls will be allowed to see if students can go to someone's house to play, etc. This is to teach responsibility and is not meant to penalize the students.

LOST AND FOUND

Clothing found throughout the building or on the playground is placed in the lost and found area near the cafeteria. Note: Marking your child's name on his/her coat ensures that it will be returned to the owner. Valuables, such as glasses, money, or jewelry will be turned in to the school office.

ANIMALS IN THE CLASSROOM

Occasionally, animals visitors are permitted at school for educational reasons and as service animals. Other than for these two purposes, no animals, including pets may be brought on to school grounds by any individual at any time.

Most students follow Grandview School Expectations. However, two general grounds for a suspension and/or expulsion are student misconduct and substantial disobedience. Examples of student misconduct and substantial disobedience include, but are not limited to, behavior, which violates Grandview Behavior Expectations. This applies on school grounds immediately before, during, and immediately after school hours. In addition, this includes any other time when the school is being used by a school group, off school grounds at a school activity, and traveling to or from school or a school activity. This includes, but is not limited to, bus stops. Work missed due to a student suspension will be accepted at the discretion of the teacher and principal.

If a child is referred to the office, written notification will be sent home and be signed by a parent/guardian.
