MCCSC COVID-19 Update

ENGAGE. EMPOWER. EDUCATE.
The health and safety of MCCSC students, faculty and staff has been the number one priority, along with providing the highest quality learning experiences for our students.
• Elementary schools in week 8 of daily in-person learning

• After 5 weeks hybrid, Secondary schools in week 3 of daily in-person learning
Keys to Success

- Centralized, consistent response
- Prevention
- Intervention
- Communication
Centralized, Consistent Response

• Size of district

• Number of buildings

• Families with students in multiple buildings

• Parent/employees with students in multiple buildings
Centralized, Consistent Response

• Reallocation of resources

• Additional resources

• Health professionals
Centralized, Consistent Response

- Call Center (students)
- Contract Tracing Center (employees and positive students)
Prevention

• Daily screening for symptoms
• Mask compliance and extensive PPE
• Handwashing and sanitizer
• Planning by principals and teachers
• Social distancing continually monitored
• Cleaning/disinfecting-intensive and continuous
Director of Health Services

Mrs. Renee Stikeleather, BSN, RN
Prevention (Students)

We follow up on all absences related to illness and students experiencing symptoms while at school (or school sponsored activities).
Prevention (Students)

• Call Center
  – Parents call school attendance line stating student has symptoms
  – 3 Health Services staff devoted to COVID-19 contact families
    • Advise in accordance with ISDH guidelines
      – Medical statement w/ alternate diagnosis to return to school, or
      – Negative COVID-19 test (unless a close contact), or
      – 10 day quarantine
  – Communicates with school regarding length of absence
  – Confirms release from medical provider
Prevention (Employees)

• 2 Registered Nurses
  – Advise employees who have symptoms, test positive, or a close contact
Intervention

• Close contact:
  – Within 6 feet of a positive person for more than 15 minutes total in a day
  – Had physical contact with the person
  – Had direct contact with the respiratory secretions of the person (i.e., from coughing, sneezing, contact with dirty tissue, shared drinking glass, food, or other personal items).
  – Lives with or stayed overnight with the person
Intervention

- Contact Tracing
  - 2 Registered Nurses communicate with families and employees when there is a positive case or close contact
  - Investigates and informs close contacts
  - Advise on isolation, quarantine, testing, when safe to return to work/school
  - Communicates with administration
  - Frequent communication with the local Health Dept. and IN State Dept. of Health
  - Documentation and reporting to local and state
Intervention

• Isolation
  – Positive individual should isolate for 10 days from the onset of symptoms or a positive test
  – May return after 10 days if symptoms improved and fever free for 24 hrs without fever reducing medicine
Intervention

• Quarantine
  – Close contacts should quarantine for 14 days and have no further contact with a positive individual.
Intervention

- Quarantine (continued)
  - If contact with the positive individual can not be avoided, quarantine is for 24 days
Timely Follow Up

- Quick response is key
- Follow up with symptoms
- Follow up with positive cases and contact tracing
- Evenings and weekends included
Communication

Begins with our parents and staff informing the building/supervisor of symptoms, positive test, or close contact
Communication

- Assistant Superintendent for Human Resources in communication with Superintendent, Director of Health Services, RNs, Principals, Supervisors
- Daily with local and state health department
- Regularly with local physicians
- Principals communicate with staff and families
Communication

• Director of Human Resources in coordination with Assistant Superintendent for Human Resources
  – Communicates with employee regarding FFCRA Paid Leave days for COVID-19 related situations
  – Accommodations and FMLA
  – Communicates with supervisor
Communication

- COVID-19 is a novel virus with evolving information and guidelines
- We had to create procedures and processes
- Always adapting to ensure we have the most up to date information and processes in place
MCCSC currently has 12 buildings with no reported cases of COVID-19 involving in-person learning.
To date, there has been no situation to our knowledge where COVID-19 has been transmitted in the classroom setting.
• Positive cases are result of activities outside of the classroom (parties, family gatherings, work, etc.)

• Clusters in families and friends

• Minimal close contacts identified in class settings and no transmission thus far
MCCSC COVID-19 Data

• MCCSC COVID-19 Impact
  – Published to MCCSC website beginning week of Sept 8
  – Includes students, faculty and staff
  – Both on-line and in-person
### MCCSC COVID-19 DATA

Number of positive cases per school.
