November 4, 2021

Dear MCCSC Families,

There will be a Pfizer COVID-19 vaccine clinic offered to students ages 5 to 11 at each MCCSC Elementary School, during the school day. If you wish for your student to receive this vaccine while at school, please complete the following steps:

1. Completely fill out the Patient Intake Form. Don't forget to indicate any allergies your student may have. Consent must be signed by the parent or guardian of the student.
2. Please include your insurance information.
3. Check the date of your school's clinic and return the Patient Intake Form to your school by the paperwork deadline date.

Each student receiving the Pfizer vaccine will need to have a second dose which will also be offered at school. **You will need to complete another consent form for that dose.**

Thank you for taking steps to protect the health of your student and the community. If you have any questions, please call the Monroe County Public Health Clinic at 812.353.3244.

Sincerely,

Beth Carpenter RN
Monroe County Public Health Clinic
