MCCSC CORE VALUES

Value 1: Engagement
All students can learn. We teach all students. No exceptions. All students deserve rigorous, diverse curricular and extracurricular programs, integrated with technology. Such programs balance students’ needs and interests, resulting in high levels of student engagement, achievement and completion.

Value 2: Empowerment
All students are diverse and unique. When students are empowered, self-esteem grows. All students’ experiences and perspectives are assets that reflect the strength of our schools and the values of our community. Such assets, when respected, nurtured and explored, promote their academic success and the success of their peers.

Value 3: Environment
All students thrive in a positive, creative and stimulating learning and working environment. All employees excel in a culture actively supported by professional development opportunities. Highly-trained, highly-valued teachers and staff are pivotal to the continuous improvement and success of our students. All students deserve, and we will provide, a healthy, safe and secure learning environment.
