* Unionville Elementary: 2019 National Blue Ribbon School

* Principal Lily Albright: 2019 National Bell Award Winner

* Arlington Heights Elementary: National Title 1 Distinguished School
MCCSC CORE VALUES

Value 1: Engagement
All students can learn. We teach all students. No exceptions. All students deserve rigorous, diverse curricular and extracurricular programs, integrated with technology. Such programs balance students’ needs and interests, resulting in high levels of student engagement, achievement and completion.

Value 2: Empowerment
All students are diverse and unique. When students are empowered, self-esteem grows. All students’ experiences and perspectives are assets that reflect the strength of our schools and the values of our community. Such assets, when respected, nurtured and explored, promote their academic success and the success of their peers.

Value 3: Environment
All students thrive in a positive, creative and stimulating learning and working environment. All employees excel in a culture actively supported by professional development opportunities. Highly-trained, highly-valued teachers and staff are pivotal to the continuous improvement and success of our students. All students deserve, and we will provide, a healthy, safe and secure learning environment.

ENGAGE. EMPOWER. EDUCATE.

Unionville Elementary
Congratulations to Sekou Noble-Kuchera from Bloomington High School North on being selected as one of Monroe County’s 2020 Lilly Endowment Community Scholars. His activities have included BHSN Science Olympiad Team, Academic Superbowl Team, BHSN Soccer and Cutters Club soccer, interning in the IU Kehoe Biology Lab, and with WonderLab’s Science Summer Camp. With more than 400 volunteer hours at WonderLab, Sekou is recognized as a motivated and dedicated leader passionate about sharing his love and excitement of science with people of all ages. Sekou plans to attend Indiana University in the fall with a major in biology.

Arlington Heights Elementary
Congratulations to Bloomington High School North’s Luke Jackson as a Riley Champion. As a Riley Champion, Luke will serve as an advocate and ambassador for Riley Hospital for Children through the school year by sharing his story and participating in a variety of events.

Dr. Kirstin Milks of Bloomington High School South was recognized as a state finalist for the Presidential Award for Excellence in Mathematics and Science Teaching.

Tri-North Construction
MCCSC Director of Technology is currently serving a second year on the appointed Indiana Department of Education K-12 Cybersecurity Taskforce. This past December, Mr. Pritchett was credited on the committee’s Cyberblog for a published article on securing data and access in public school corporations. His term continues through 2020 collaborating with other committee members and serving as a technical advisory in the area of cybersecurity for Indiana schools. In 2019, the group presented at the Indiana Association of Public School Superintendents (IAPSS) and on numerous panels within the State for K-12 technology personnel.
Inviting You this Holiday Season to...

GIVE THE
GIFT OF A LUNCH
TO THE FOUNDATION OF MONROE COUNTY COMMUNITY SCHOOLS
FOOD ASSISTANCE FUND

www.MCCSC.edu/GiftofLunch

$25 = 8 Lunches
$100 = 35 Lunches

3 WAYS TO DONATE

MAIL A CHECK made payable to FMCCS to 315 North Drive, Bloomington IN 47401 with the memo of Food Assistance.

Visit www.MCCSC.edu/GiftofLunch and make a donation online. Please select “Food Assistance Fund” during the process. If you would like to set your gift to be a recurring gift for this fund you may do so by selecting the “Show my support by making this a recurring gift”

Parents can add funds directly to the Food Assistance Fund in their MyPaymentsPlus cart when checking out!

Thank you very much for your support of MCCSC students!
Unionville Elementary
2019 National Blue Ribbon School

US Secretary of Education, Betsy DeVos recognized 362 schools as BLUE RIBBON SCHOOLS for 2019. The recognition is based on a school’s overall academic performance or progress in closing achievement gaps among student subgroups. “We recognize and honor your important work in preparing students for successful careers and meaningful lives” said U.S. Secretary of Education Betsy DeVos in a video message to the honorees. “As a National Blue Ribbon School, your school demonstrates what is possible when committed educators hold all students and staff to high standards and create vibrant, innovative cultures of teaching and learning.” The coveted National Blue Ribbon Schools award affirms the hard work of educators, families and communities in creating safe and welcoming schools where students master challenging and engaging content.

The Department recognizes all schools in one of two performance categories, based on all student scores, student subgroup scores and graduation rates:

- **Exemplary High Performing Schools** are among their state’s highest performing schools as measured by state assessments or nationally normed tests.
- **Exemplary Achievement Gap Closing Schools** are among their state’s highest performing schools in closing achievement gaps between a school’s student groups and all students.

Unionville was recognized for their Exemplary High Performing School.

Unionville Elementary School embraces the motto: “Small AND Mighty!” Unionville enjoys deep, mutually beneficial relationships with many community partners. These relationships have become even more meaningful in recent years, as the school has become STEM certified by the Indiana Department of Education and has worked to communicate and embody a clear vision for learning. The school is shaped by the E.A.R.T.H. framework (a focus on STEM, environmental, and outdoor education), where each letter represents a facet of the curriculum and function of the school. E=Environment, A=Art, R=Resources, T=Technology, and H=Health. E.A.R.T.H. is a model for 21st century learning. Unionville Elementary School believes that our world needs: 1) inhabitants with a connection, respect, and appreciation for nature, 2) people who are problem solvers, experienced in using technology and creativity to generate solutions and to communicate with stakeholders, and 3) individuals who integrate health and wellness into their lives.
Principal Lily Albright, 2019 National Bell Award Winner

Unionville Elementary Principal, Lily Albright has been selected as a 2019 recipient of the Terrel H. Bell Award for Outstanding School Leadership. This special, personal award was presented to at the National Blue Ribbon Schools ceremony on Thursday, November 14 by the U.S. Department of Education, with the National Association of Elementary School Principals, the Association of Middle-Level Education, and the National Association of Secondary School Principals, in memory of former U.S. Secretary of Education Terrel H. Bell. “This award recognizes outstanding school leaders and the vital role they play in guiding students and schools to excellence, frequently under challenging circumstances. The principals nominated for this award are committed to fostering successful teaching and learning at their schools and do “whatever it takes” to help their students meet high standards. They are dedicated to education as both a powerful and liberating force in people’s lives.”

Secretary Bell held education as his highest priority, trusting that all students would find it as their personal key to success – just as he had.

Award recipients have transformed their schools. Their vision and collaborative leadership styles have produced outstanding results for all students, regardless of race, language proficiency, or socioeconomic status. They have shown that with effective leadership and teaching and a firm conviction all students can learn.
The Indiana Department of Education (IDOE) announced Arlington Heights Elementary School as a National Title I Distinguished School for Closing the Achievement Gap between Student Groups in a Title I school from school year 2018-2019.

The National Title I Association has been selecting examples of superior Title I school programs for national recognition through the National Title I Distinguished Schools program since 1996. These schools demonstrate a wide array of strengths, including team approaches to teaching and learning, focused professional development opportunities for staff, individualized programs for student success and strong partnerships between the school, parents and the community. What makes National Title I Distinguished Schools’ stories especially powerful are the documented student achievement gains that have resulted from their innovations.

Highland Park - Project Based Learning

Through the MCCSC STEM fellows/ROI project, the 1st graders at Highland Park Elementary School led a very successful problem based learning project. They identified a problem (not enough shade on the playground), explored solutions (coming to consensus on planting three mature shade trees), drew maps and wrote persuasive letters, and finally presented a grant request to the HP PTO for funding. They were able to plant three trees and learn about the process from start to finish. Safety tips, digging a hole with an auger, putting soil in the hole around the tree, and then finishing it up with mulch.
Equity Spotlight Award

The Equity Spotlight Award, is a new award that recognizes those for their outstanding contributions within our school community by fostering programs, services, activities or initiatives advocating for a school environment that is welcoming, embracing, nurturing, and transforming the lives and experiences of the members of our school community through their leadership, creativity, and service.

Rachel Allanson, teacher at Unionville Elementary School, is committed to infusing social justice activities into her curriculum.

Angela Cannon, teacher at Bloomington High School North, serves as the faculty advisor for the Civil Rights Club and Sistas Who Care.

left: Marla Rademachir, social worker & Kara Cheslock, teacher at Batchelor Middle School, have developed the Kindness Campaign that encourages students to create an inclusive environment.

The Community Leadership Building Club, a student organization at Bloomington High School South, is a group of students committed to anti-bias and making BHSS equitable and welcoming for all students.

Jovoni & Xavier Moore are 6th grade students at University Elementary School. They created the first ever Hispanic Heritage Month exhibit. The brothers were motivated by a desire to connect to their cultural heritage, build a sense of community for other Latinos and create learning opportunities for the entire school.

Monte Simonton, Social Worker at University Elementary School, dedicates himself to building relationships with students at University and has had a positive impact, particularly in education and prevention of bullying.
Binford Elementary School hosted a statewide robotics competition in November. There were around 40 teams from around the state competing in the squared away game. The students worked really hard on building and coding their robots to overcome the obstacles of game. Two teams and their robots have one minute to complete as much of the obstacles in the game as possible to earn points. There were 6 MCCSC teams that worked together and learned from each other.

MCCSC schools that competed were:
- Binford BadgerBots
- Clear Creek Comets
- Grandview TigerBots
- Highland Park Iron Pandas
- Rogers RocketBots
- Summit StarBots

The RocketBots of Rogers Elementary took home the Judges Award!

MCCSC Robotics Competition

Summit StarBots & Binford BadgerBots work together to complete as much as they can in one minute.

Grandview TigerBots huddle up to practice with their robot.

Highland Park Iron Pandas work together to make some adjustments on their robot before they compete again.

Clear Creek Comets talk to the judges about how different aspects of their robot.

Summit StarBots answer questions regarding their robot from the judges as part of the competition.

Binford BadgerBots and Highland Park Iron Pandas talk about their points they received and what they want to change in the next round.
In December, the MCCSC hosted the third annual Evening of Code at Bloomington High Schools North and South as part of Computer Science Education Week, a global event. Students and families of all ages were invited to attend to learn more about computer science and coding. Computer science teaches students problem solving skills, collaboration, and perseverance. There were unplugged activities that taught the basics of programming and algorithms, and robotics teams from around the corporation showcased their robots. Families had the opportunity to visit a variety of activities and demonstrations to learn all about computer science! In addition to the Evening of Code, students participated in coding activities in their classrooms throughout the week.
The project at Tri-North Middle School will include the construction of a completely new middle school and campus, demolition of the existing facility including all site work (parking lots, playing fields, pedestrian walks, utilities etc.). The current enrollment at Tri-North Middle School is approximately 530 students; the new facility must account for future growth and development. The new facility will be located on the Tri-North property while keeping the existing school building completely functional until the new building is constructed and open. The new school will be very energy efficient, it will be 100% LED lighting, it conditioned by geo-thermal heating and cooling and the building will have a large solar array on the roof that will reduce demand for electricity.

Fun Facts:
- Concrete – 3,475 cubic yards which is a little over 13 miles of sidewalk.
- Electrical Wire – 423,000 feet which is roughly 80 miles of wire.
- Detention System – Can hold 179,228 gallons of water.
If you are 16 years of age or older and not attending high school, you can join the MCCSC Adult Education Program! Adult education classes are free of charge and will help you acquire the skills you need to earn a high school diploma or equivalency, learn English as a new language, enter occupational training (e.g., college, military, apprenticeships), and gain or enhance employment. You can even earn an industry-recognized certification to increase your career opportunities.

Registration Information

Adult Basic Education and High School Diploma: Call (812) 330-7731 to reserve a time and day to register.

English Language Learning: Register in person at Broadview Learning Center on one of these days: February 6 at 9:00 am, February 7 at 12:30 pm, March 12 at 9:00 am, or March 13 at 12:30 pm.

Did you leave a Monroe County high school and have 6 or less credits to go? Call us to see if we can help you finish those courses and graduate from your previous high school!

Our partners at WorkOne, the IU School of Social Work, Ivy Tech, and the military branches offer supportive services to help you achieve your goals:

- Life coaching
- Career advising and employment placement
- Transportation assistance
- Child care voucher applications
- Placement into further training
