

AIMSweb

April 17, 2019
6:00-7:30 Co Lab

ENGAGE. EMPOWER. EDUCATE.

What is AIMSweb?

- Given to all K-1 students as a benchmark (quick check) three times a year
- 1 minute one-on-one assessment
- Nationally normed, indicates where students are compared to an average student

Why do we use AIMSweb?

- Helps us identify students who need support and monitor their progress
- State mandated for progress monitoring (weekly or biweekly)
- Helps us measure student growth

2nd-6th Grade Examples

I love to read. When I read, I can travel to distant places. I can be different people, and I can do amazing things I would never have imagined doing.

Last month, I read a book that took me to a country in Europe. I climbed the mountains in Switzerland. I wore a backpack and special climbing gear. I was one of the strongest and bravest people there. I rescued a small boy who was lost in a forest!

Last week, I read a book about a nine-year-old boy who lives in Mexico. While I read, I almost felt like I was that boy. I went to his school and celebrated his holidays. The climate where he lives is much different from mine. It is warm there all year, and he has never seen snow! I was glad to be myself again after I was done reading.

Progress Monitoring

Goal Statement

In 35.6 weeks, [REDACTED] will achieve 68 Sounds Correct from grade 1 Nonsense Word Fluency. The rate of improvement should be 1.51 Sounds Correct per week. The current average rate of improvement is 0.88 Sounds Correct per week.
