MISSION OF THE MONROE COUNTY COMMUNITY SCHOOL CORPORATION
Empowering students to maximize their educational success to become productive, responsible global citizens.
MCCSC CORE VALUES

Value 1: Engagement
All students can learn. We teach all students. No exceptions. All students deserve rigorous, diverse curricular and extracurricular programs, integrated with technology. Such programs balance students’ needs and interests, resulting in high levels of student engagement, achievement and completion.

Value 2: Empowerment
All students are diverse and unique. When students are empowered, self-esteem grows. All students’ experiences and perspectives are assets that reflect the strength of our schools and the values of our community. Such assets, when respected, nurtured and explored, promote their academic success and the success of their peers.

Value 3: Environment
All students thrive in a positive, creative and stimulating learning and working environment. All employees excel in a culture actively supported by professional development opportunities. Highly-trained, highly-valued teachers and staff are pivotal to the continuous improvement and success of our students. All students deserve, and we will provide, a healthy, safe and secure learning environment.

ENGAGE. EMPOWER. EDUCATE.

GRADUATION TIMES

Bloomington Graduation School
Thursday, June 1st - 7 PM @ IU’s Wittenberg Auditorium

Academy of Science and Entrepreneurship
Friday, June 2nd - 7 PM @ Ivy Tech’s Shreve Hall

Bloomington High School North
Saturday, June 3rd - 9:30 AM @ North
Watch live online at www.mccsc.edu/NorthGraduation

Bloomington High School South
Saturday, June 3rd - 2 PM @ South
Watch live online at www.mccsc.edu/SouthGraduation

BE ON THE LOOKOUT FOR ONLINE REGISTRATION THIS SUMMER!

MCCSC Scholar’s and Honors Graduates

8
4th Annual Evening of Stars
Research shows that high quality early childhood programs prepare children for future success in school, work and life. As an extension of your family, the Monroe County Community School Corporation offers Level 3 Paths to Quality preschools for children ages six weeks old through age five that offer the types of experiences and interactions young minds need in order to flourish. To learn more about enrollment visit mccsc.edu/preschool or call 812-330-7700.

Congrats to Noah Sheldon, a junior at Bloomington High School North. He was named a Congress-Bundestag scholar. This means that he is going to participate in the Congress-Bundestag Youth Exchange Program (all expenses paid!!) beginning this August, and lasting until the following summer. This program was originally created to strengthen the relationship between Germany and the United States. Noah will be an excellent representative abroad.
2017 Hoosier Hills Career Center Awards

2017 SCHOLARSHIP WINNERS

Foundation of MCCSC and Indiana University Credit Union Leadership Award ($100):

Tate Blackketter (Welding)-Bloomington High School South
Mackenzie Sexton (ICE)-Bloomington High School North

LeAnna Beth Anderson Scholarship ($320):

Austin Phillips (Automotive Collision Repair II)-Bloomington High School North

Maudie Starbuck Health Careers Scholarship ($300):

Andrew Vilardo (Health Science Education II)-Bloomington High School North

National Technical Honor Society ($1000):

Lilian Lommel (PLTW Engineering)-Bloomington High School North

New Horizon Scholarship ($1000):

Bailey Boruff (Health Science Education II)-Bloomington High School South

Cox Scholarship (Indiana University)

Andrew Morris (PLTW Biomedical)-Bloomington High School South

B/MD Scholarship (University of Southern Indiana)

Marina Blackwell (PLTW Biomedical)-Bloomington High School South

Tee-Jet Scholarship National FFA Scholarship ($1,000)

Wyatt Law (Agriculture/Welding)-Bloomington High School North

2016-2017 \ MCCSC \ OUR SCHOOLS GRADUATION EDITION
2017 Adult Education Recognition Ceremony

On Thursday, May 11th, 2017, the Bloomington High School South auditorium was full with friends and family celebrating the 2017 awardees in Adult Education. The awards honored students for achievements in completion of the high school equivalency diploma, English language courses, and career certification courses. This was the first graduating class for the newly established MyCookPathway, the program setup by WorkOne, MCCSC, and Ivy Tech that allows students to continue their career path within Cook while furthering their education.

Director of Adult Education Robert Moore addresses the 2017 class that was comprised of more than 140 success stories.

MCCSC Board of School Trustees member Dr. Lois Sabo-Skelton awarded the evening’s diplomas and certificates.

Cook Medical president Pete Yonkman poses Carmen Jones, an employee in the MyCookPathway class at Broadview Learning Center.
Batchelor Middle School has received the STEM Certified School designation from the Indiana Department of Education. The IDOE released today a list of the most recent schools in Indiana to receive science, technology, engineering, and mathematics (STEM) certification. Batchelor has joined Grandview Elementary as a STEM Certified School, giving MCCSC 2 of the 32 total Certified schools in Indiana.

“A quality education begins with amazing educators and excellent material,” said Dr. Jennifer McCormick, Indiana Superintendent of Public Instruction “Materials rooted in science, technology, engineering, and mathematics help prepare our students for a successful life beyond high school. I want to commend these schools for becoming STEM certified. We are grateful for their passion and dedication.”

To become certified, each applicant went through a rigorous application and review process. Schools are chosen to receive certification based on their commitment to teaching the STEM disciplines of science, technology, engineering, and math throughout the entire school. STEM Certified Schools exemplify a highly non-traditional approach to education, employing a great deal of inquiry, project-based learning, community engagement, entrepreneurship, student-centered classrooms, integration into humanities and related arts, and out of school STEM activities. STEM Certified Schools accomplish this while following educational policies set by the state and excelling under the system of accountability.

Congrats to the FIRST Robotics Team 3494, the Quadrangles, for their 11th place finish in their division at the FIRST Robotics World Championships in St. Louis last week. Among the participants, many earned honors for design excellence, competitive play, research, business plans, website design, and teamwork. A not-for-profit organization founded in 1989 by inventor Dean Kamen, FIRST (For Inspiration and Recognition of Science and Technology) inspires young people’s interest and participation in science and technology. More than 83,000 students on 3,336 teams from 25 countries competed during the 2017 season. The team is comprised of students from Bloomington High School South and Bloomington High School North. They previously won the Engineering Award at the FIRST Robotics Indiana State Championship, which came with a $5000 sponsorship from NASA and qualified the team to compete at the World Championships.
The 4th Annual MCCSC Evening of Stars drew more than 300 people to the Monroe County Convention Center on Wednesday, May 3rd, 2017 to recognize our retirees and stars. The storied careers of MCCSC’s 2017 retirees were celebrated and nominated employees were presented with “Stars of Excellence”. Assistant Superintendent Peggy Chambers read most of the names throughout the evening, taking a break only to be recognized herself by Superintendent Dr. Judith DeMuth. Also introduced by Dr. DeMuth and joining Mrs. Chambers on stage as 2017 retirees were Director of Secondary Education Jan Bergeson and Director of Business Operations Tim Thrasher.

Unionville Elementary Principal Lily Albright announced at the April MCCSC Board of School Trustees meeting a new curriculum initiative called EARTH (Environment, Art, Resources, Technology, and Health). With the success of initiatives like STEM (Science, Technology, Engineering, and Math) and STEAM (Science, Technology, Engineering, Arts, and Math), Principal Albright wanted to find a way to incorporate the environment, natural resources, and health into their curriculum. Unionville sits on 18 beautiful acres in north-east Monroe County, so she had to look no further than the school’s backyard. We are excited to follow this program as it unfolds during the 2017-2018 school year!
Nearly one hundred eighth grade students from Tri-North Middle School participated in Global Youth Service Day (GYSD) on April 21, 2017. The students lent their hearts and hands to improve our community in dedicated acts of service. Over the past several years, Tri-North staff, students, and parents have partnered with Indiana University’s School of Public and Environmental Affairs for this world wide celebration of youth serving their community. Students performed a variety of duties such as cleaning, painting, organizing, sorting food, and landscaping. This day of service took Tri-North Trojans to the following locations:

- Crestmont Boys and Girls Club
- Lincoln Street Boys and Girls Club
- South Central Community Action Head Start Program
- Area 10 Agency on Aging
- Hilltop Garden and Nature Center
- Jill’s House-Memory Care
- My Sister’s Closet
- Bloomington Community Orchard

This year was dedicated to the memory of Dr. Al Lyons of SPEA. Although Dr. Lyons was greatly missed, his influence was evident in his student’s contributions under the leadership of Lydia Coppedge.

Many of the Tri-North students are part of Youth Engaged in Service (YES) Club which is led by parent volunteers Heather Smith, Melissa Crombar, Heather Freeman, and Nisha Burton and teacher sponsors Lisa Riggins, Myra Farmer, and Anndra Morgan. This is Tri-North’s largest club. These students do not reserve service for one day a year but are active in the community on a regular basis. They are changing the world and being changed by this positive experience.
The Academy of Science and Entrepreneurship’s Robotics Club, sponsored by science and math teacher Yamila Cancel-Sanchez, won first place out of 17 teams in the Land Challenge and the Open Class competitions for their ASED R robot. A second Academy robot, the ASE Timoth, also competed in the sea, air, and land challenges, which mimic missions encountered by the military, national security agencies, and first responders. The ASED R robot team consisted of the following students: Gabriel Alminauskas, Diego Ansaldo, and Tyler Gross. The ASE Timoth robot team consisted of Eliyah Zayin, Lucas York, John Smith, and Cameron Brickert. The challenge was held at Ivy Tech on Saturday, April 15th, and was sponsored by Penn State University and Crane Naval Surface Warfare Center.

At SOUTH, 74% of graduating seniors will attend 4 year postsecondary institutions. Another 18% will attend 2 year programs. At NORTH, 67% of graduating seniors will attend 4 year postsecondary institutions. Another 18% will attend 2 year programs. At the ACADEMY, 80% of graduating seniors will attend higher education! At SOUTH, the class of 2017 had a record number of 168 students who were inducted into the National Honor Society. At the BLOOMINGTON GRADUATION SCHOOL, senior Zane Vandeventer will be joining the United States Army. At NORTH, 65 of the graduating seniors are National Honors Society inductees. At the ACADEMY, senior Thomas Anders received a Presidential Scholarship worth $120,000 to go to Carthage College in Wisconsin. At SOUTH this year, 792 AP exams were taken by a record number of 402 students. This represents an increase over 100% the past five years. At NORTH, Cole Swany has received a Cox Research Scholarship from Indiana University, covering the full cost of attendance for 4 years. At the BLOOMINGTON GRADUATION SCHOOL, senior Antonia Kiefabber will be attending Huntington College and Cassie Ruble, Molly Scott, Sam Spence, and Sarah Littlejohn will be attending Ivy Tech Community College.
