The Academy of Science and Entrepreneurship

A New Technology High School

444 S. Patterson Drive • Bloomington, IN 47403 • (812) 330-2480

The following admissions procedures and criteria will be used to help students, guardians, guidance counselors, teachers, and others make appropriate decisions regarding a student’s admission to The Academy of Science and Entrepreneurship:

APPLICATION PROCESS

- Complete the application form
- Complete the essay
- Read and sign the Student and Guardian Commitment Agreement
- Legal guardian and student will attend an information meeting
- School counselor must submit:
  - the student’s most recent report card or transcript
  - the student’s attendance record
  - the student’s discipline record
  - the student’s Individual Education Plan (IEP) if applicable
  - the student’s ISTEP scores
- Student must take the Ivy Tech Accuplacer placement tests. Testing dates for each middle school will be determined once initial applications have been received by The Academy. Preparation materials can be found on the following website: http://www.ivytech.edu/assessment
  - Reading
  - Writing
  - Math
- Additional information may need to be gathered through teacher/counselor recommendations or student interviews

The Academy will send e-mail messages to indicate the status of the application. Please do not call the school since application status cannot be shared over the phone.

SUCCESS INDICATORS

- Student will have successfully passed (C grade or better) Pre-Algebra at a minimum, preferably Algebra I
- Student will have successfully passed (C grade or better) 8th grade science
